PLOT PLAN

This is to certify that a site investigation and soils investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted in that portion of the lot as indicated on the above plot Provisionally

The permeability rate determined by the investigation was Suitable The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit must be obtained after request by the owner or his representative from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction of the wastewater treatment system on the said lot.
2. The size of the approved subsurface wastewater treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health according to rules and regulations in effect at that time, the permeability rate obtained above, and the design criteria of the building proposed to be constructed.
3. The absorption area is limited to the provisionally suitable and unsuitable areas indicated as acceptable for system installation on the above plot.
4. This approval is granted on the basis of the soil conditions existing at the time the investigation was performed on the date which the Mecklenburg County Department of Environmental Health considered as acceptable for the type of wastewater treatment system proposed. Any change in the soil conditions may void this approval.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

TO THE BUILDING INSPECTION DEPARTMENT

APPROVAL OF LOT FOR INSTALLATION OF AN INDIVIDUAL SEPTIC TANK WITH SUBSURFACE, SOIL ABSORPTION, EFFLUENT DISCHARGE

NAME OF OWNER Cole (LAST) E. (FIRST) Marion & Lois Sherrill (MIDDLE)

ADDRESS OF OWNER Route 2, Box 525, Huntersville, N. C. ZIP _____

LOCATION OF LOT Highway 21, North (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO. _____ BLOCK NO. _____

MAP BOOK NO. _____ PAGE NO. _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 13774. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
