RE: Property located at Indian Trail Road, Lot 1

Dear Ms. McDougle:

At your request, a field investigation was conducted on the property designated above and was classified unsuitable for the installation of a ground absorption sewage disposal system. A copy of the site evaluation report is enclosed for your information.

Sites classified as unsuitable may be utilized for soil absorption disposal systems provided engineering, hydrogeologic, soil and environmental studies indicate that a suitable septic tank system or a suitable alternate system can be reasonably expected to function satisfactorily.

Should you desire to file for permission to install an alternate system, plans and specifications prepared by a person with a demonstrated knowledge of ground absorption sewage treatment disposal systems, soil and rock characteristics, groundwater hydrology and drainage systems should be submitted to this office. They will be reviewed and if it is found that the system may be reasonably expected to function satisfactorily, approval will be given upon the execution by you of "Septic Tank Agreemnt Form" provided by this office.

If I may be of assistance, please feel free to call.

Sincerely,

Bill D. Hardister, Jr.
Environmental Health Supervisor

Re: Soil Test For Mrs. H. I. McDougle
78 Acres - Indian Trail Road
Tax Code 197-141-01

Dear Bill:

As agent for Mrs. McDougle, this letter gives you permission to make soil tests on her above described property.

You may be aware that this property is under contract to sell to Harvey Rima with a condition on a satisfactory perk test.

I would like to assist you when the tests are made. Please call me at my office or home at your convenience. My home phone number is 542-2820.

Thank you Bill and I am looking forward to hearing from you.

Sincerely,

Charles M. Carson, Agent
