Re: Permit Application for New Water Supply Well Installation
1415 Tom Hunter Road
Tax Parcel # 089-064-31
File # 6205B

Dear Mr. Patel:

Mecklenburg County Groundwater & Wastewater Services has reviewed the referenced application. Based on the criteria set forth in the Mecklenburg County Groundwater Well Regulations, Chapter VII, Section IV (A) 1, your application for a permit to install a new water supply well is denied because of the following:

> The location of the proposed water supply well is within 1,000 feet of known groundwater contamination and an alternative secure water source is available.

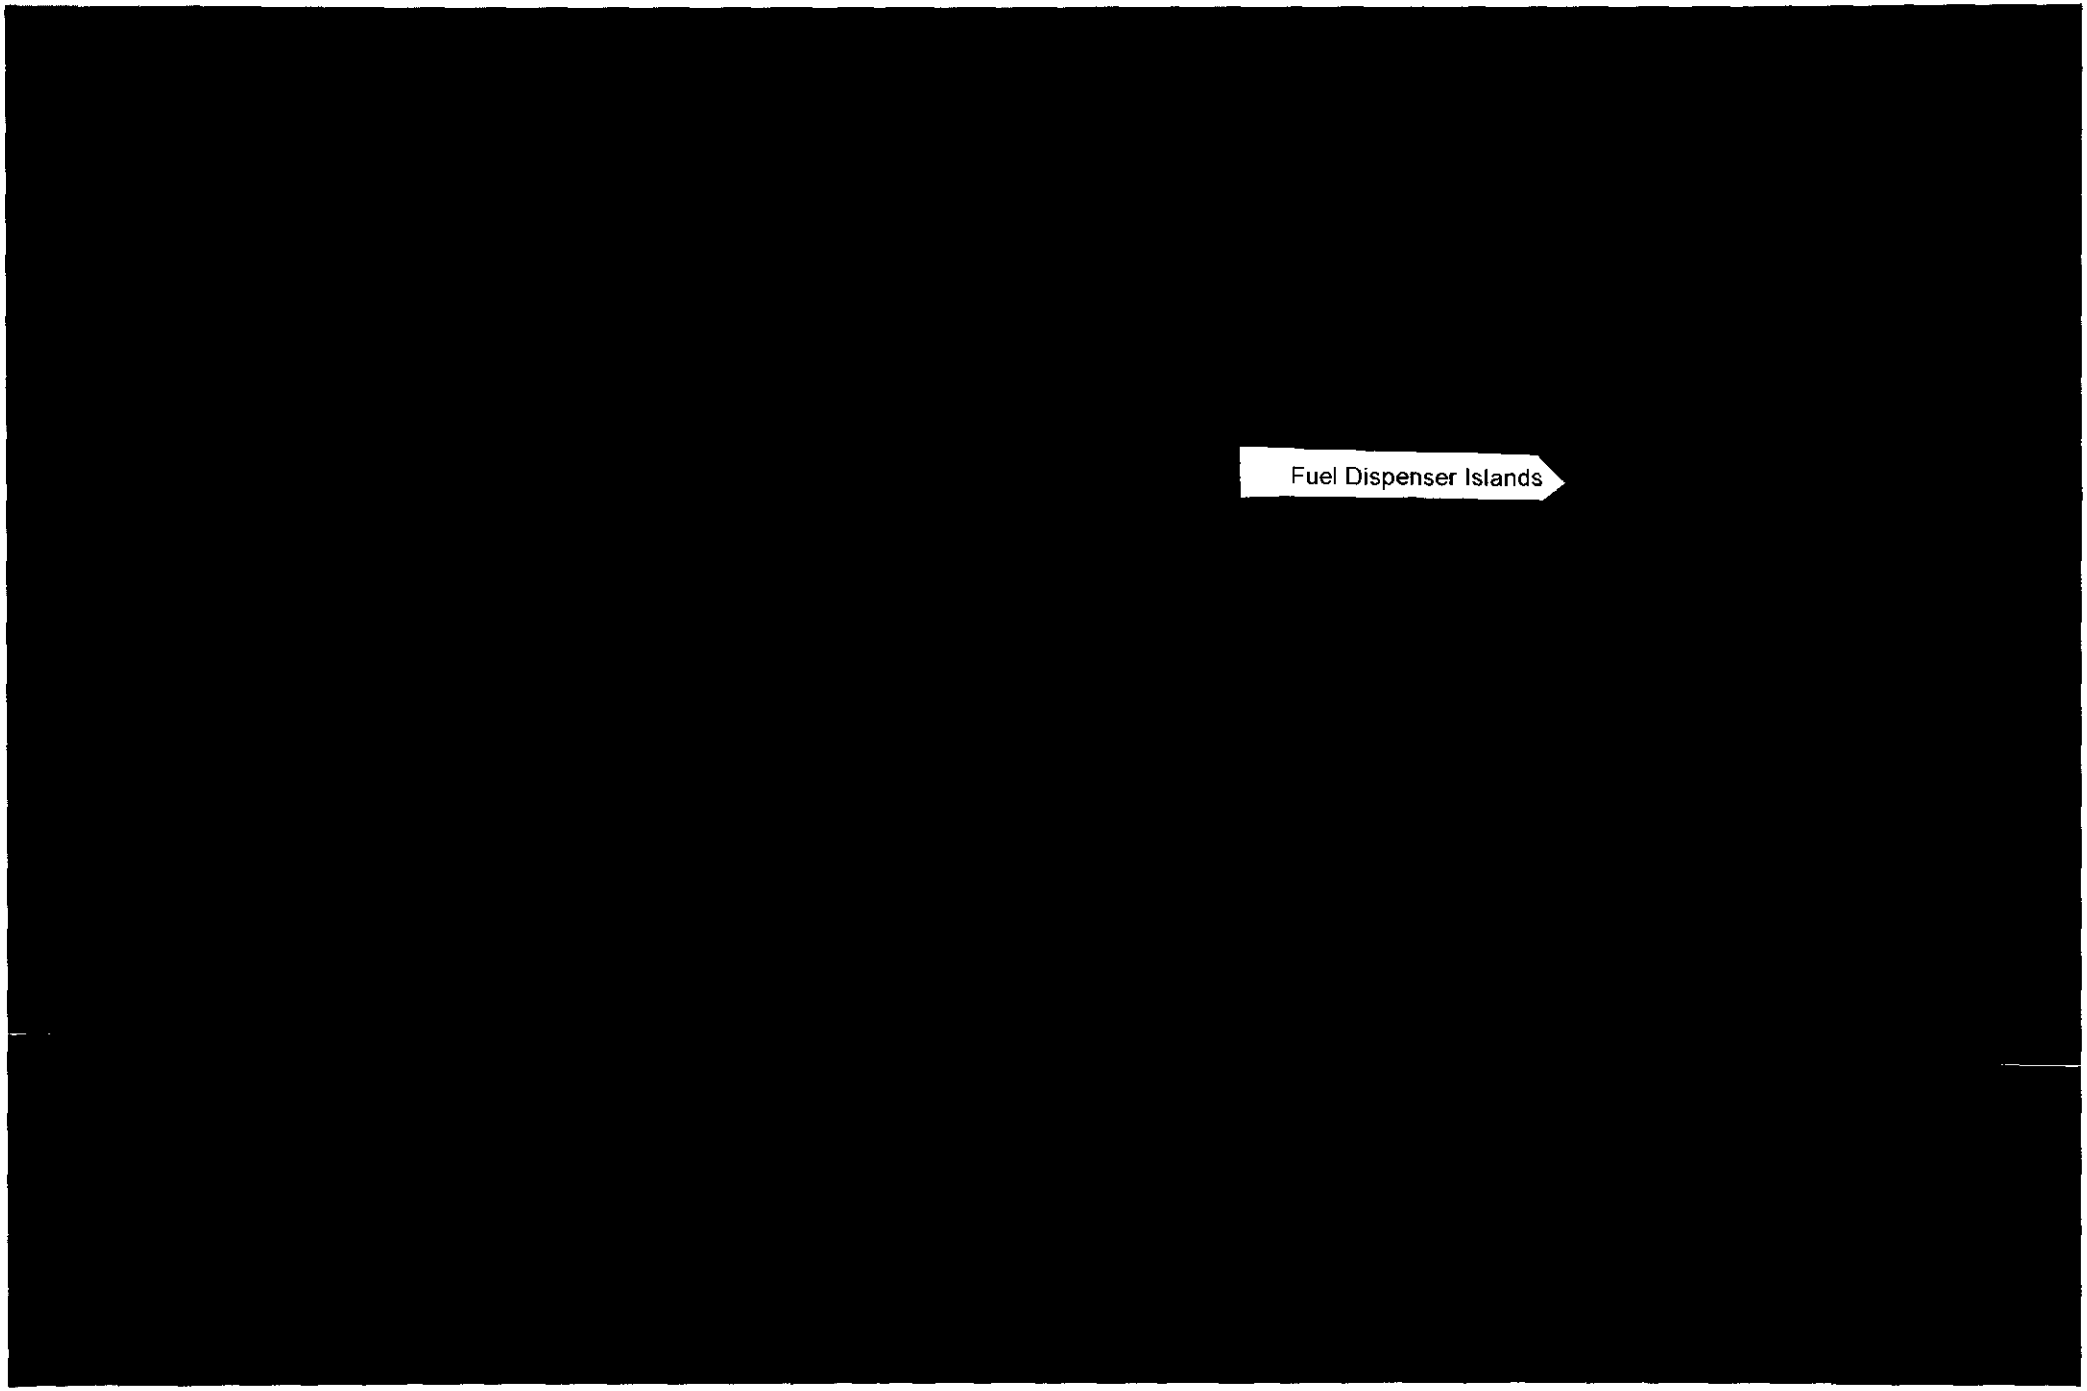

Disapproval of a permit application entitles you to a public hearing before the Groundwater Advisory Committee. In order to secure this right you must submit the demand for a hearing together with the appropriate fee to the Clerk of the Committee within 30 Days of receipt of this written notice. Failure to timely file such demand and fee shall constitute a waiver of any rights to appeal.

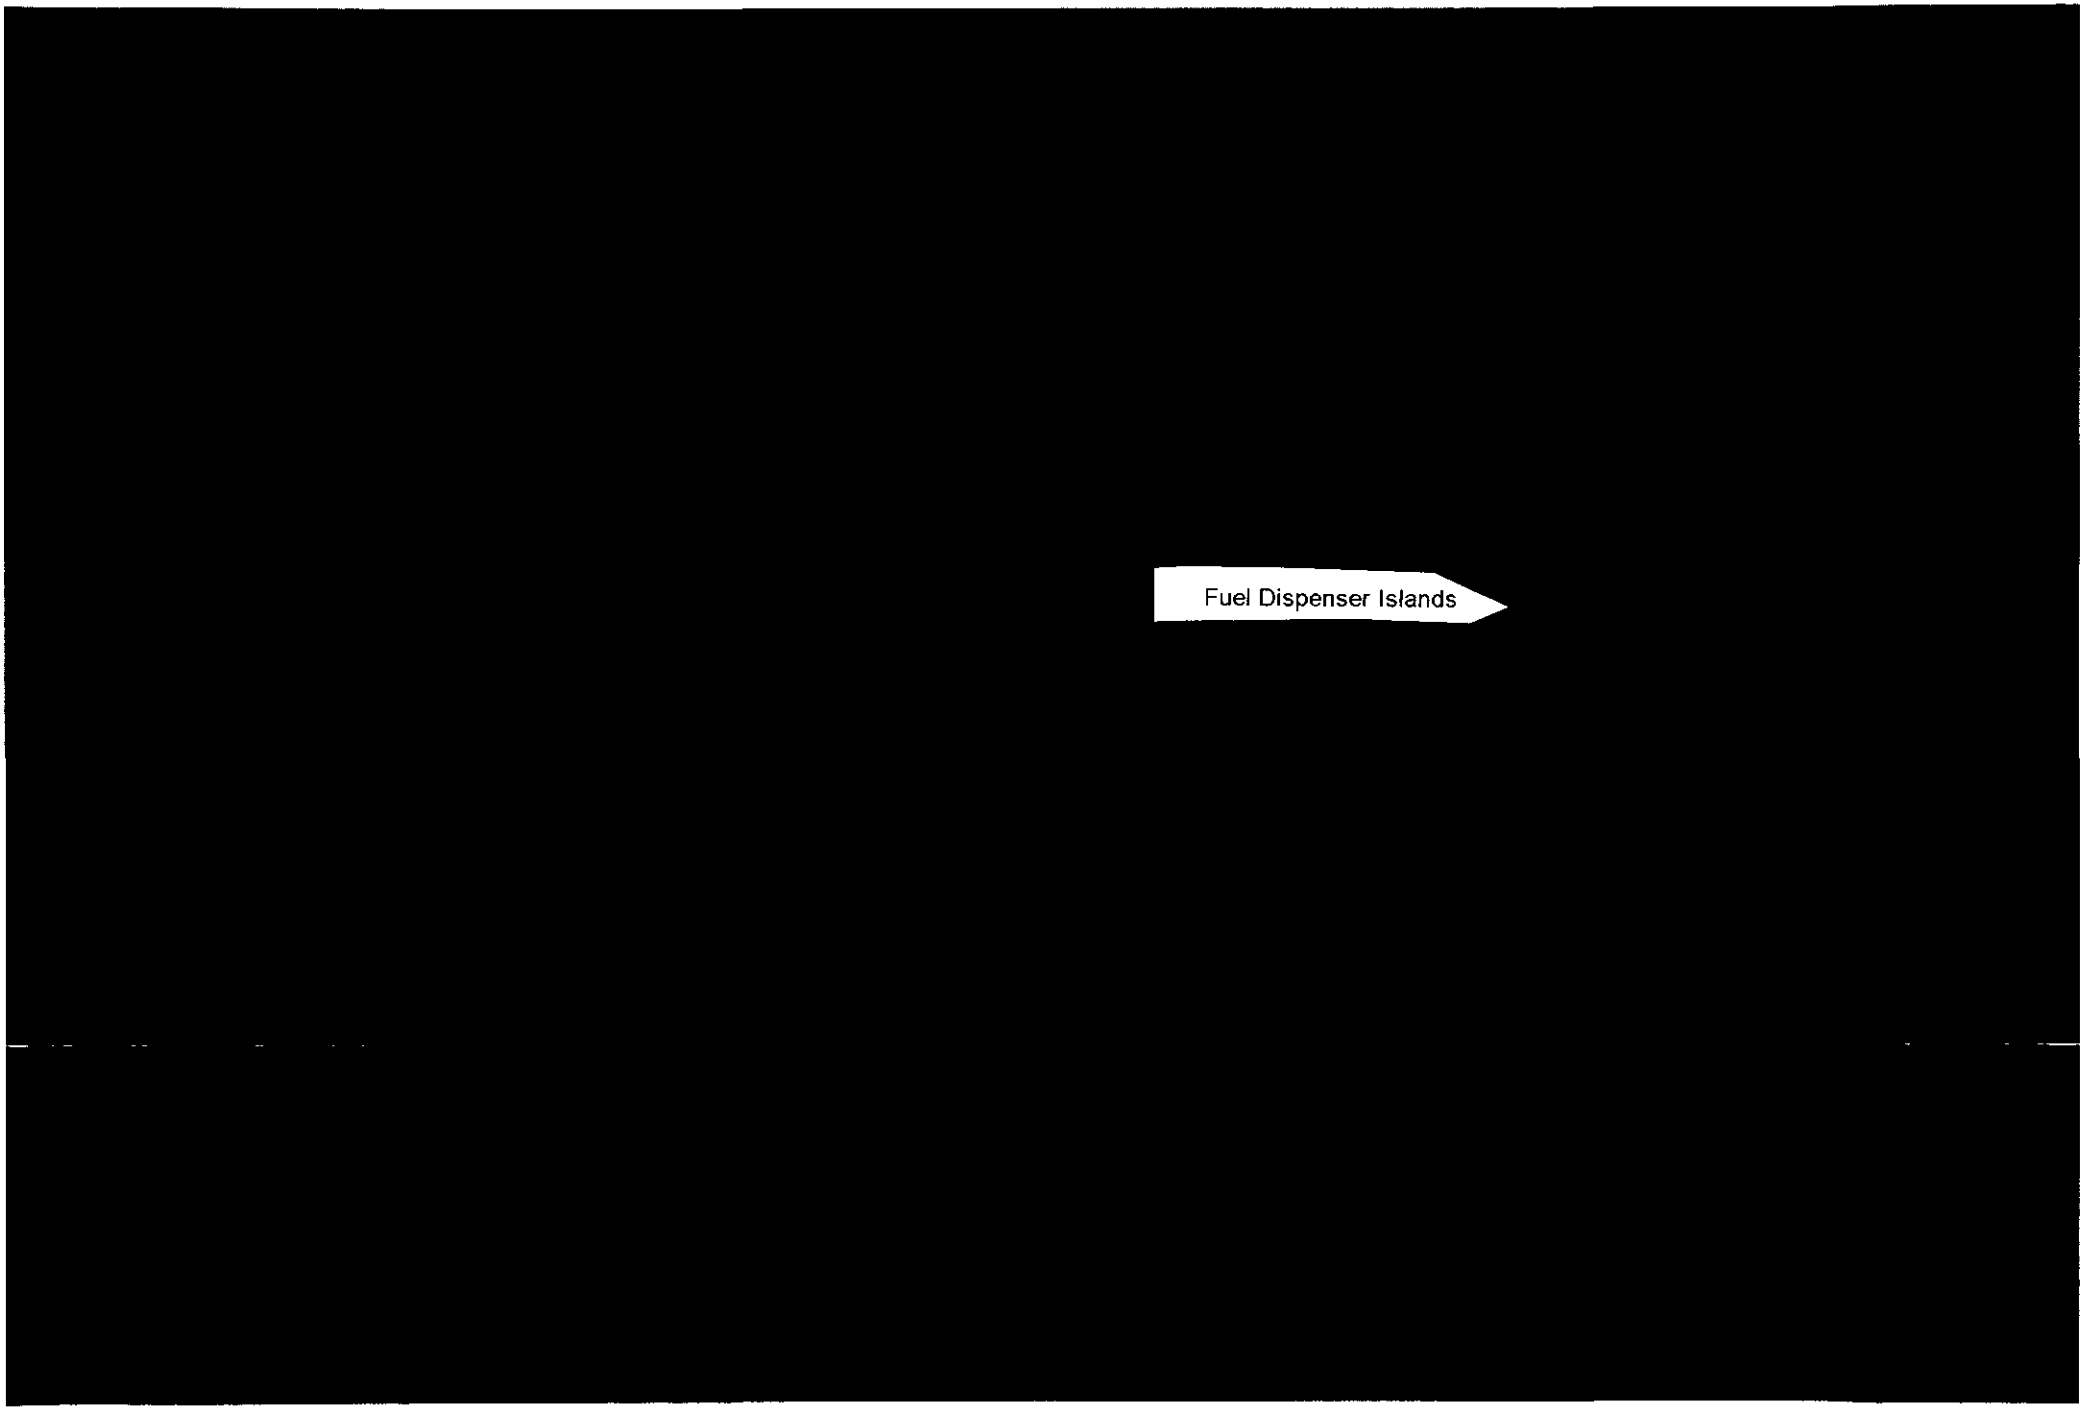

Please let us know if you do not plan to appeal so that we may begin processing the refund of your application fee.

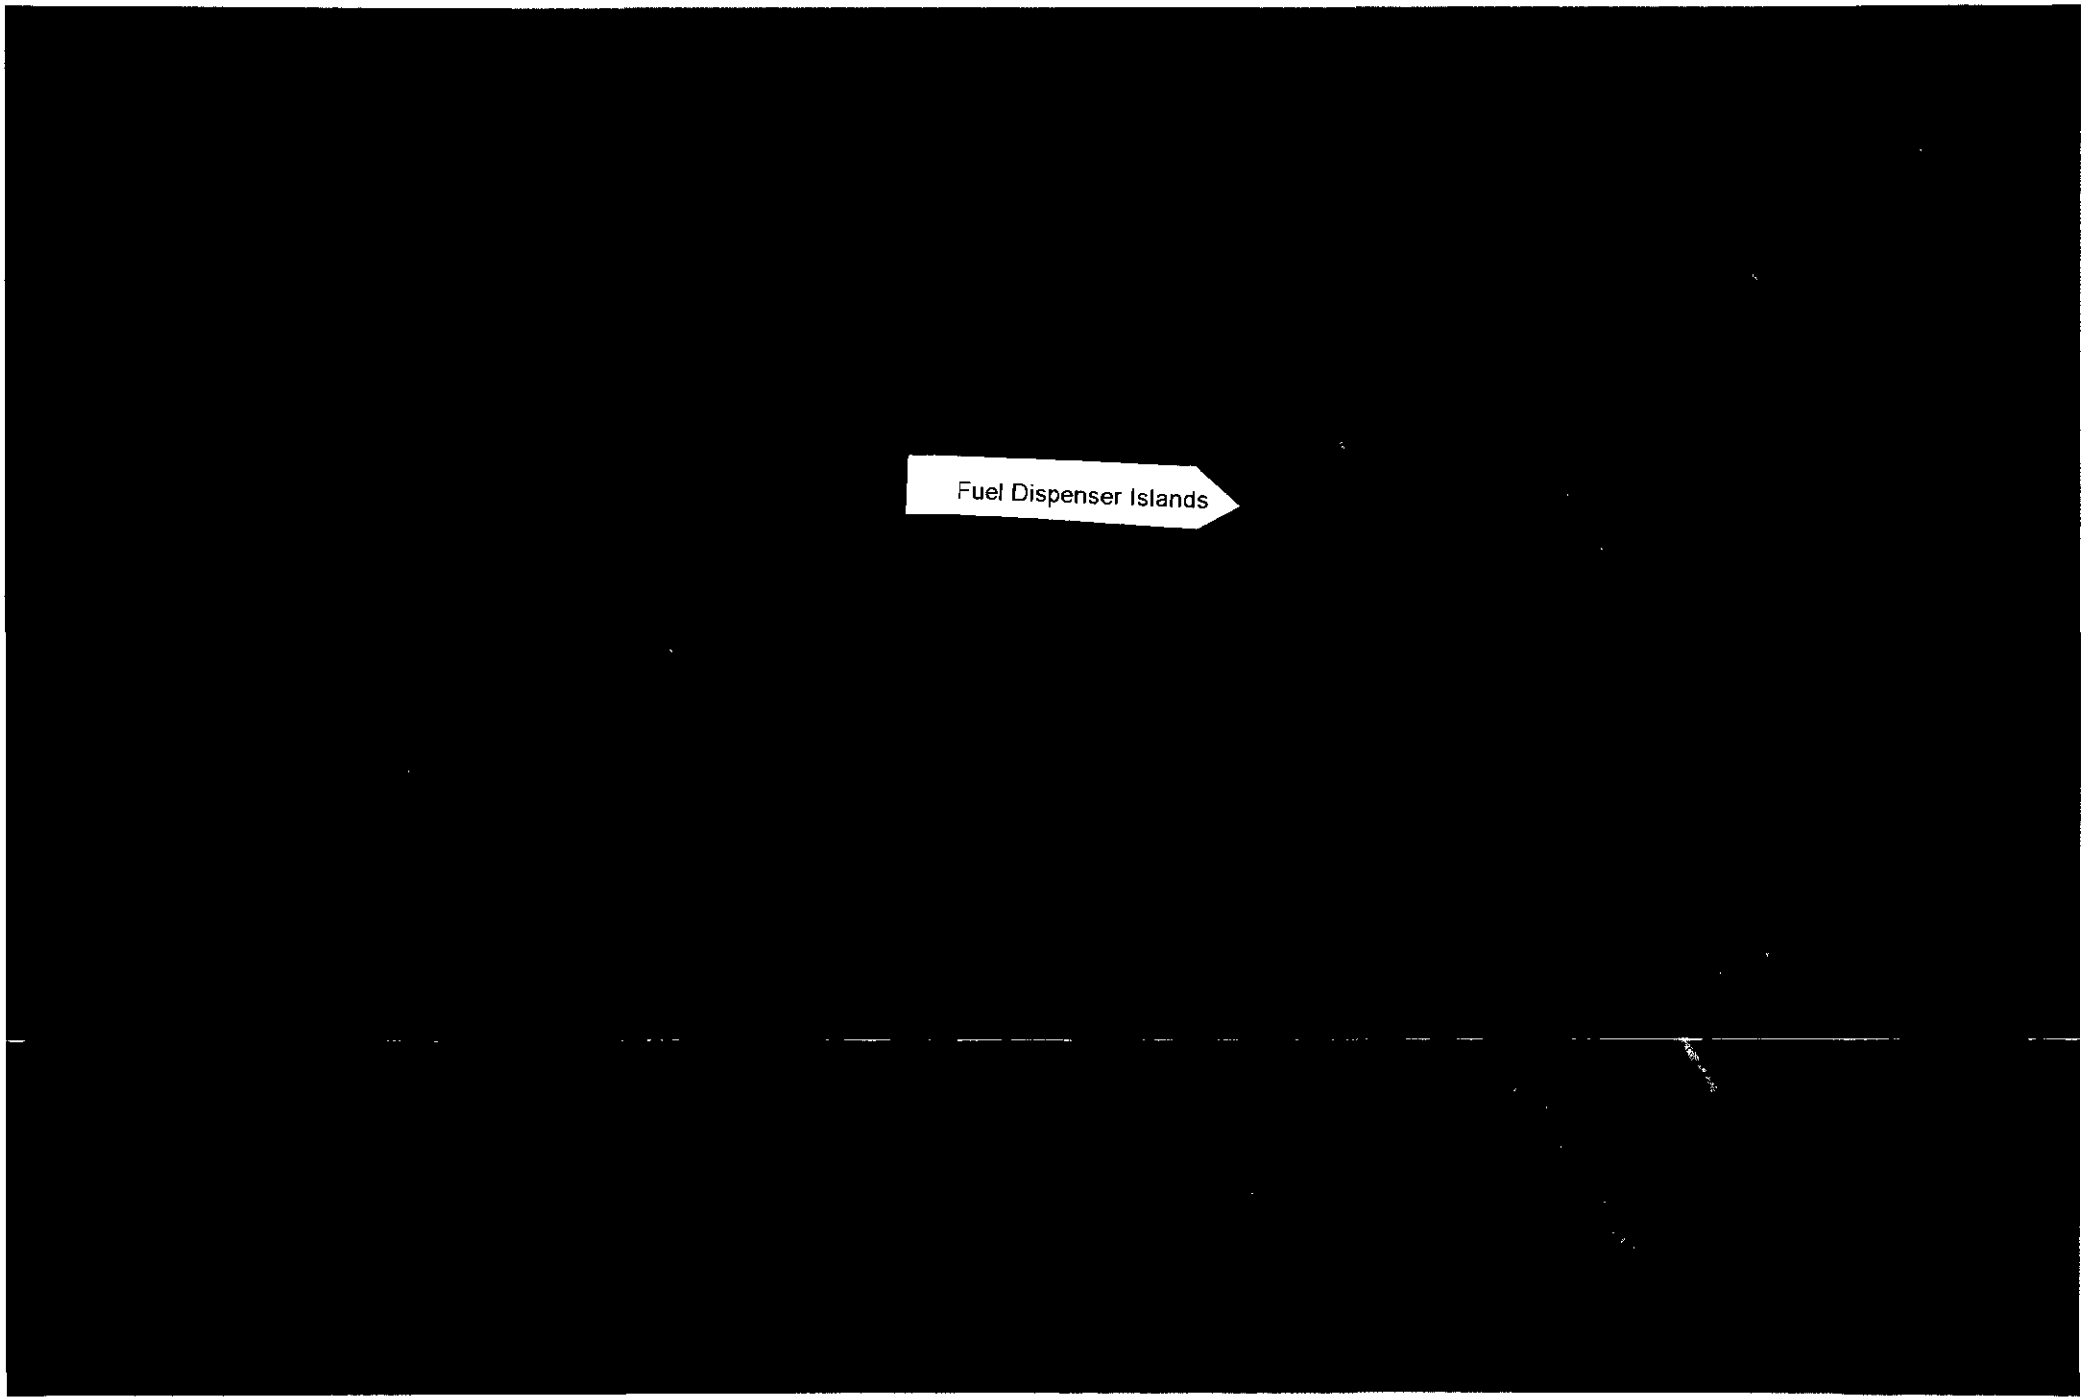

Please contact me at 704-336-5454 if you have any questions.

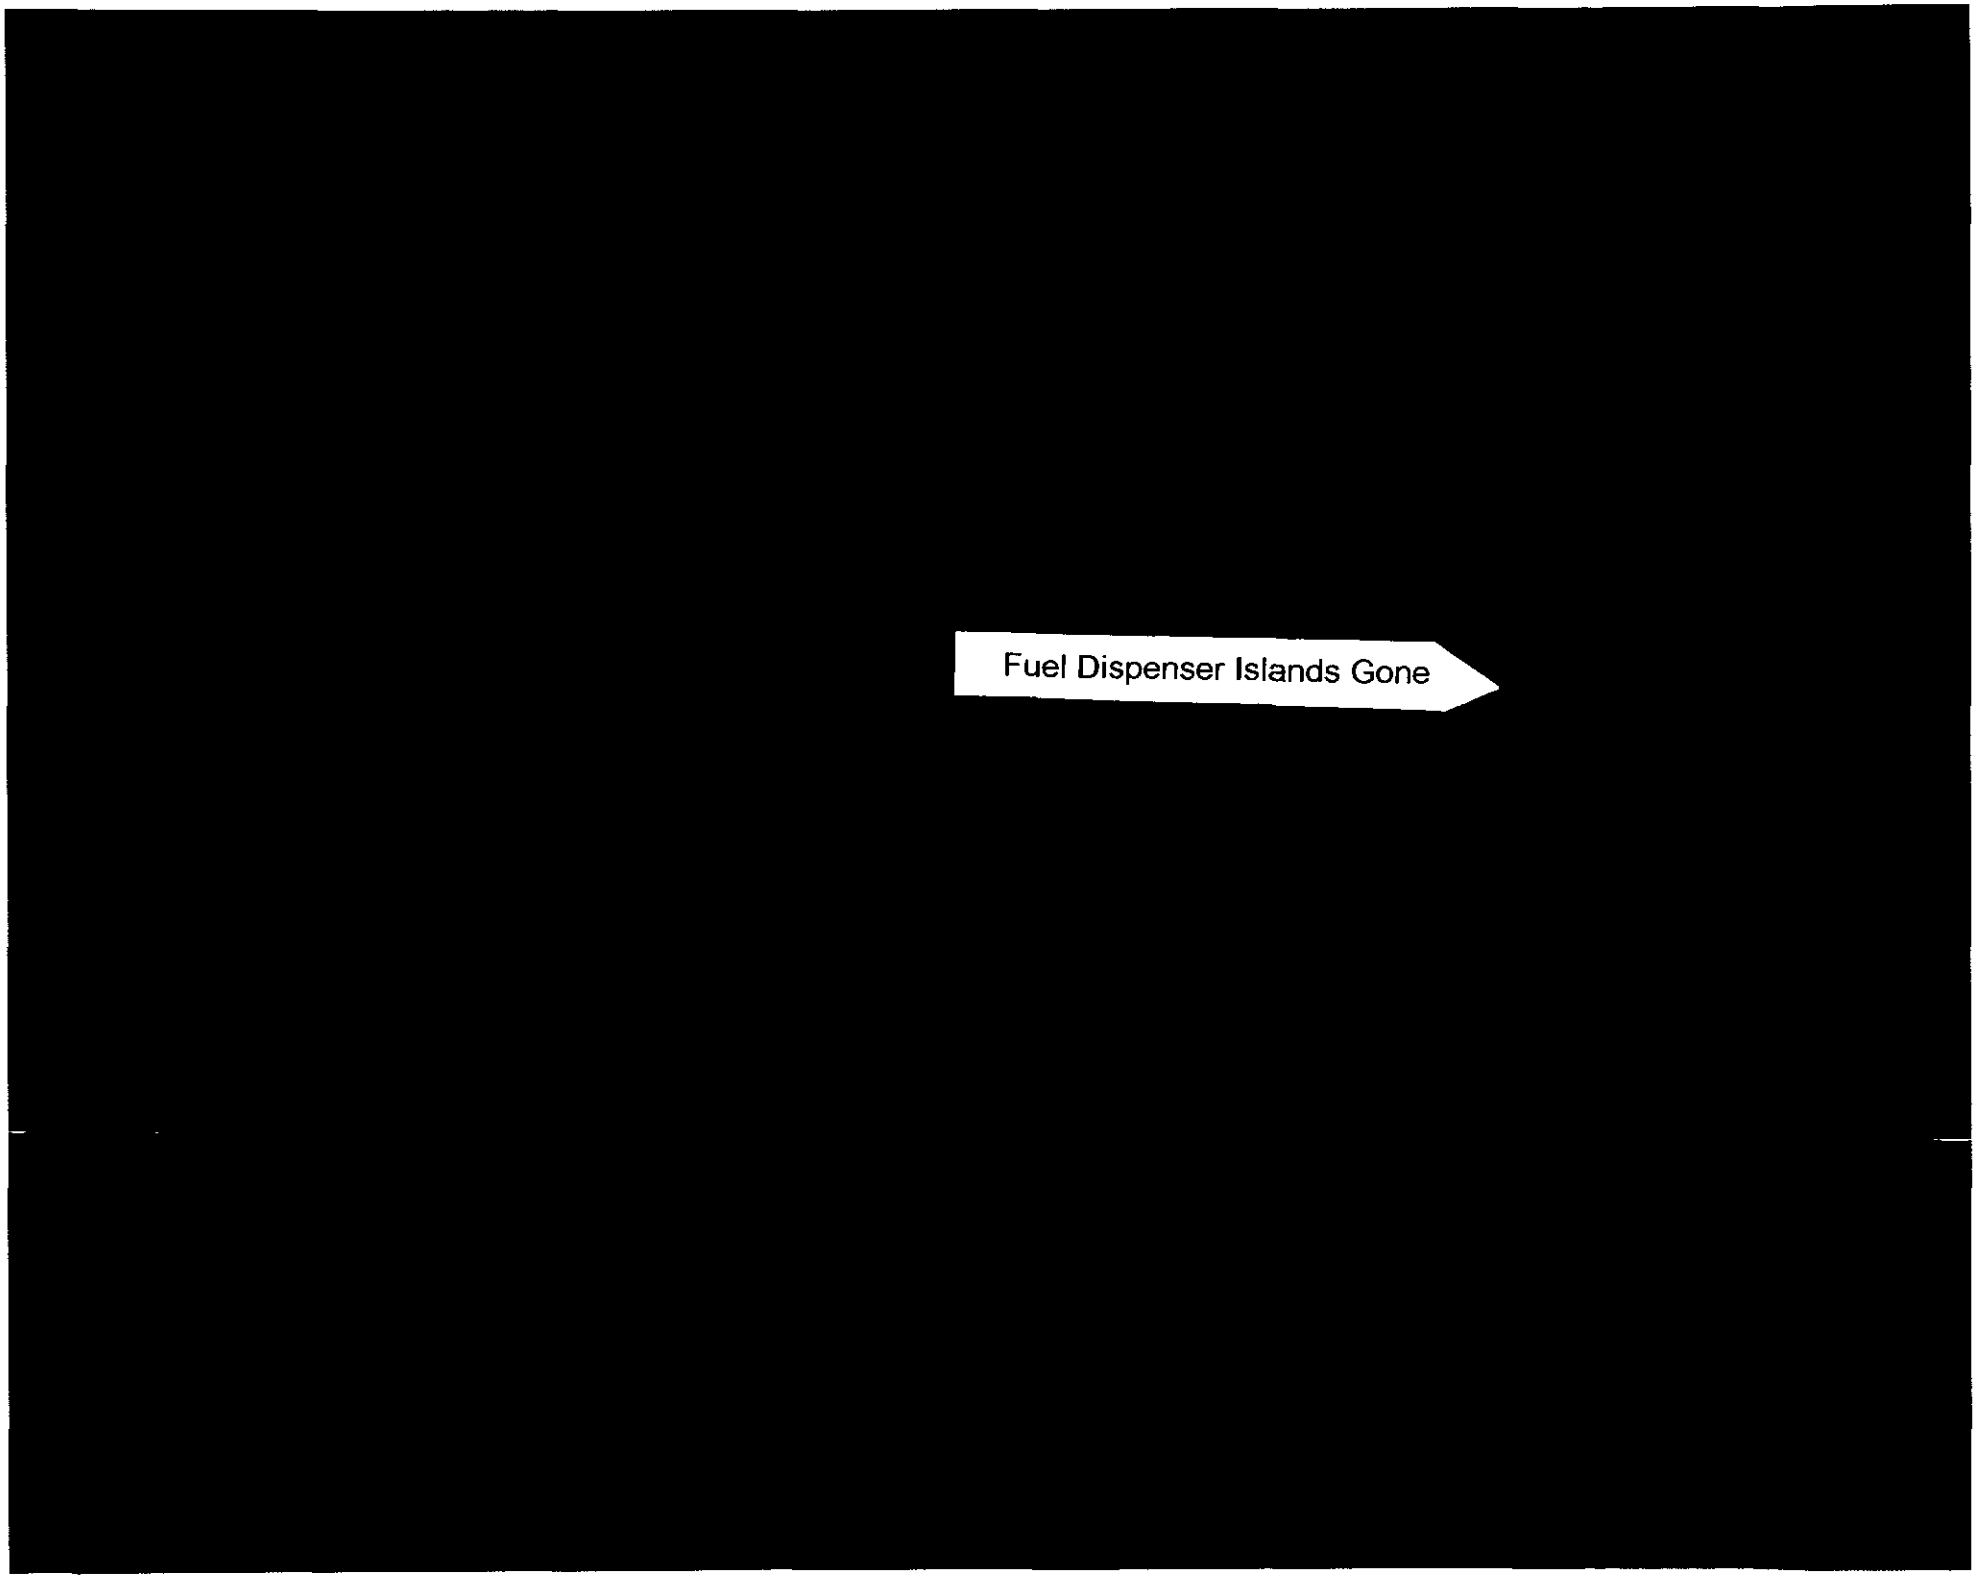

Sincerely,

Dennis F. Tyndall
Hydrogeologist

Actually, I think the info I gave you is wrong. It was a site on Catawba Ave. in Cornelius owned by Charlotte Fast Mart'd a mailing address of 1421 Jon Hunter Rd,

so when I checked the UST incident database for 1421 Jon Hunter Rd, it came up. Sorry for the confusion.

I checked w/ UST compliance inspectors and there were no tanks registered at 1421 Jon Hunter Rd See me when you get in. Thanks.

Job Location Information

Tax Parcel ID #: 089-064-31 File # 6205B

Street Address: 1415 Tom Hunter Drive, Charlotte

Contamination Site Information

(If more than one contamination site is within 2000 feet of the job location, fill out a separate review worksheet for each contamination site)

Tax Parcel ID #: 047-014-03 MPL#556 Circle K #5107

Street Address: 1300 W Sugar Creek Road

DENR Incident #: 12562

Current Status: Closed Why? NCDENR accepted land use restriction after clean closure not achieved.

Responsible Party: Conoco Phillips

Responsible Party Contact Info: 10150 Highland Manor Drive
Tampa, Fl, 33610

File Review

Attach the most recent extent of contamination map for each constituent above either 2L groundwater standard or Maximum Soil Contaminant Concentration (MSCC).

Attach copies of groundwater flow maps. (Watch of seasonal change)

Attach a copy of the most recent summary table for soil/groundwater laboratory analysis
Is the source area identified in either the report text or on a site map? Attach map or if text only, indicated the location on an extent of contamination map. N
Based on this information, answer the following questions:

Has the extent of contamination been defined or partially defined for all constituents-of-concern?

If Yes	ARGU is a 1500-foot buffer around the maximum extent of contamination

If No, is the source area defined?

If Yes	ARGU is a 1500-foot buffer around the source area
If No	ARGU is a 1500-foot buffer around the contamination site property boundary.

Is a public water supply (other than transient or non-transient supply wells) available to the proposed job location? Yes

If No	Well allowed, but construction requirements apply. Sampling requirements may apply pending hydrogeologic review.	
If Yes	Is the well within the first 1000 feet of the ARGU?	YES
If No	Well allowed, but construction requirements apply. Sampling requirements may apply pending hydrogeologic review.	
If Yes	Permit denied.	

Reviewer Comments: This proposed well location is within 1000 feet of the source area of the release. Well is denied since city water is available.

Reviewer Comments:

EPIC Report for ARGU Review
1415 Tom Hunter Road, Charlotte
Tax Parcel ID #089-064-31
File # 6205B

10/27/2005 – Received application for new water supply well at 1415Tom Hunter Road in Charlotte.

Public water supplied by CMU **is** available at this site.

Contacted applicant, Mr. Vikram Patel, who stated following:

Business is a motel
Proposed well is to be used for irrigation
No well currently exists on the property
Well is desired due to high water bills in summer from watering plantings.
Existing water service to business is Municipal supplied (CMU Water).

ARGU Review:

Identified 3 MPL sites within 1500 feet of the proposed well site property:

MPL#556
CIRCLE K (#5107)
1300 W Sugar Creek Rd., Charlotte
NC Incident # 12562
Site listed as closed in NCDENR Incident Management Database. Clean closure was not achieved. A notice of residual petroleum contamination has bee filed for this site. Source area (UST Basin) is outlined on map in this file.

MPL#990
Exxon RAS#4-6323
1310 W. Sugar Creek Road, Charlotte
NC Incident # 27403

Site listed as closed in NCDENR Incident Management Database. Clean closure was not achieved. A notice of residual petroleum contamination has bee filed for this site.

MPL#210
Texaco Food Mart #2
1120 W. Sugar Creek Road, Charlotte
NC Incident # 7072

Site listed as closed in NCDENR Incident Management Database. Groundwater contamination found when 4 USTs removed in 1991.

No MPL investigations have been completed for any of these 3 sites.

Proposed well site property is within 1000 feet of all of these sites. See well exclusion area on map in file. The entire property falls within 1000 feet of MPL#5107 Circle K #5107.

Based on this review this permit application is denied per Mecklenburg County Groundwater Well Regulations Chapter VII Section (IV)(A)1. "Areas of Regulated Groundwater Usage, Requirements for New Water Supply Wells Within an Area of Regulated Groundwater Usage Paragraph (A) that reads:

"(A) If a public water supply (exclusive of Transient and Non Transient water supply wells) is available, then:

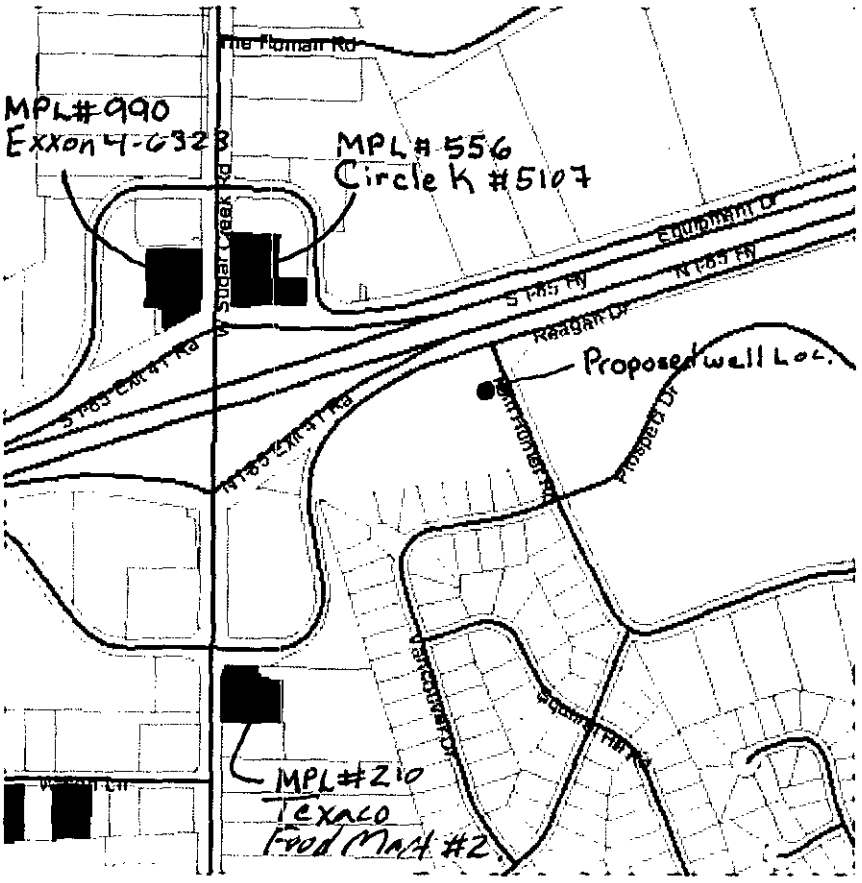

1. a new well will not be permitted within 1,000 feet or less from:

    a. The boundary of a defined of partially defined contaminant plume, or
    b. If the contaminant plume has not been defined of partially defined then from the edge of the contaminant source area, or
    c. If the contaminant source area is unknown and the contaminant plume has not been defined or partially defined then from the property boundary of the contamination site."

If the criteria of source area is used per b. then only a very small SE Corner of the property is suitable per regulation (see map in file).

END.
