SUBDIVISION LOT NO 2 BLOCK NO.

PLOT PLAN

This is to certify that a soil investigation and on site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot. **PROVISIONALLY SUITABLE**

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit to construct a wastewater treatment system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the construction of buildings to be served by the wastewater treatment system on the above lot.
2. The size of the septic tank and the final treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health on the basis of the [illegible] rate obtained above and on the size and type of building to be constructed there.
3. This approval applies only to the system as it is described in the application and is not acceptable for system installation on the above lot.
4. This approval is valid for [illegible] years from the date of issue unless [illegible] the soil was performed on the lot which in the opinion of the Mecklenburg County Department of Environmental Health qualifies the area indicated as acceptable for system installation or the water table or the [illegible] of the lot has changed to the extent that this system

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new revised laws, rules, and regulations been in effect on the issue date.
