PLOT PLAN

This is to certify that a soil investigation and on site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot. PROVISIONALLY SUITABLE

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions

1. A permit to install must be obtained before the septic system facilities from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction of the disposal of the wastewater treatment system on the said lot.
2. The size of the septic tank and the trench system which must be installed will be determined by the Mecklenburg County Department of Environmental Health by the total length of the trench, the permeability rate tested above and on the size and type of building or structure thereon.
3. This approval is valid only for the system as designated on the above plot plan and dated as acceptable for system installation on the above plot.
4. This approval is void if any change, filling or grading of any kind occurs in the area on which, or in the vicinity of the Mecklenburg County Department of Environmental Health tested the area indicated as acceptable for system installation unless the installer is present when such change occurs and approves such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void at any time in the future, prior to completion of the system these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.

APPROVAL OF LOT FOR INSTALLATION OF AN INDIVIDUAL SEPTIC TANK WITH SUBSURFACE, SOIL ABSORPTION, EFFLUENT DISCHARGE

NAME OF OWNER Parsons (LAST) Clifford (FIRST) C (MIDDLE)

ADDRESS OF OWNER 11200 Albemarle Rd. ZIP 28212

LOCATION OF LOT 15610 Davidson Concord Rd. (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO 6 BLOCK NO. _____

MAP BOOK NO. _____ PAGE NO. _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot, and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 21119. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altered, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
