Re: Property located at Plantation Road, Lot 24, Blk. E.

Dear Sir:

At your request, a field investigation was conducted on the property designated above. The soils on the property were found to contain a limited area of provisionally suitable soil for the installation of a ground absorption sewage disposal system. A copy of the site evaluation report is enclosed for your information.

Should you desire to file for permission to install a ground absorption sewage disposal system, please submit plot plans for the proposed construction, well, and ground absorption sewage disposal system to this office. They will be reviewed and if it is found that there is an adequate area of provisionally suitable soil to accommodate the proposed installation, an Improvements Permit will be issued by this office.

If I may be of assistance, please feel free to call.

Sincerely,

Bill D. Hardister, Jr.

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 20156. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altered, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.

Mr. Philip Wolff
3112 Plantation Rd.
Charlotte, NC 28226

Dear Mr. Wolff:

During a recent investigation of your property at 3112 Plantation Rd., Charlotte, North Carolina, it was found that the septic tank system was not functioning properly and that sewage was leaking to the surface of the ground, creating a public health hazard. This is in violation of Article 11 of Chapter 130A of the General Statutes of the State of North Carolina and the regulations adopted by the Mecklenburg County Board of County Commissioners.

You are hereby given notice to correct this situation by February 26, 1990. Failure to comply with this notice will result in legal action being taken against you.

If you have any questions concerning this matter, please contact me at 376-4603 between 4:00-5:00 P.M.
