MECKLENBURG COUNTY
Department of Environmental Health

August 6, 1987

Mr. George Wilson Whitley, Jr.
1511 Colony Road
Rock Hill, S.C. 29730

Dear Mr. Whitley:

At your request a pre-preliminary survey of soils and topography was made on property located on Highway 218 at Mint Hill. The purpose of the survey was to determine site suitability for septic tank systems. A soil map was prepared and a copy is enclosed.

The unshaded area of the map indicates soils that are predominantly acceptable for septic tank systems. They have the required depth, aeration, drainage, and percolation.

The soils in the drainageway would not be acceptable.

Permits are not issued until an area is marked off on the property and the soils in that area have been tested and found to meet all the above listed requirements.

Sincerely,

W.B. Ramsey
