SUBDIVISION Lookout Point LOT NO. 22 BLOCK NO.

PLOT PLAN

This is to certify that a soil investigation and on-site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described herein. The soil investigation was conducted on that portion of the lot as indicated on the above plot **PROVISIONALLY SUITABLE**

The permeability rate determined by the investigation was . The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit for the construction and use of the proposed system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction activity on the wastewater treatment system on this soil lot.
2. The size of the septic tank and wastewater treatment facilities which will be installed on the lot will be determined by the Mecklenburg County Department of Environmental Health prior to the issuance of the permit. This is to be determined above, and on the size and type of building contemplated thereon.
3. This approval of the soil for a system is restricted to the immediate area indicated as acceptable for system installation on the above plot.
4. This approval is based on the findings of a soil investigation report by this office. Any changes performed on the lot which in the opinion of the Mecklenburg County Department of Environmental Health render the area indicated as acceptable for system installation unsuitable will void this approval. Construction plans must be approved for such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County, Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
