MAP BOOK NO PAGE NO

The above specified lot is approved by the Mecklenburg County Health Department for the installation of an individual septic tank system with subsurface soil absorption effluent discharge based on the percolation test results which yielded a percolation rate of 60Min./In. on an inspection of the said lot and upon the information supplied in the "Application for an Installation Construction Alteration and/or Repair Permit" number 8417. This approval is subject to the following terms and conditions

1. That the septic tank be installed, constructed, altered, and/or repaired in the same area where the percolation test was run.
2. That an Installation Construction, Alteration, and/or Repair Permit be issued and in full force and effect when the system is installed, constructed, altered, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot at any time it is determined that any information contained in the "Application for an Installation Construction, Alteration, and/or Repair Permit" is not correct, is untrue or that the septic tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
