SUBDIVISION LOT NO #6 BLOCK NO

This is to certify that a soil investigation and on-site evaluation was made by the Mecklenburg County Department of Environmental Health on the above described lot. The said investigation was conducted on that portion of the lot as indicated on the above plat.

Provisionally Suitable

The said lot is approved for the installation of an individual dwelling type wastewater treatment system with subsurface, soil absorption effluent disposal, subject to the following terms and conditions:

1. [illegible] in accordance with the requirements of the Mecklenburg County Department of Environmental Health regulations governing the design, construction and location of individual wastewater treatment systems.
2. This approval is valid only for the specific type of system for which the determination by the Mecklenburg County Department of Environmental Health was made, as indicated above and on the application for the system.
3. The approval is valid only for the specific site as staked and flagged by the Mecklenburg County Department of Environmental Health.
4. This approval is granted only after a thorough evaluation of the soil and site conditions as determined on the lot which in the opinion of the Mecklenburg County Department of Environmental Health renders the area indicated as acceptable for the system. It is the responsibility of the owner, his agent and/or contractor to locate the system in the area indicated on the approved site plan.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
