Re: 6430 Oak Hill Road
File: 17941
Parcel: 137-097-04

Dear Mr. Gladden:

A site visit was made to the above mentioned property for the purpose of determining if a proposed detatched garage would interfere with the septic tank system. At this time it was found that a deck is located within five feet of the septic tank system. This is in violation of *Laws and Rules for Sewage Treatment and Disposal Systems 15A NCAC 18A.1900,.1950(a) which states "Every sanitary sewage treatment and disposal system shall be located at least the minimum horizontal distance from the following...(10) Any building foundation...five feet."*

In the event of a failure to the septic tank system, you, as the property owner, would be responsible for a repair to the system. This office must be contacted for an improvement permit for repair before any work may be done.

If you have any questions concerning this matter, please contact me at 336-5569.

Sincerely,

Susan M. Bateman, R.S.
