Dear Mr. Schreiner:

The purpose of this letter is to approve your request dated December 23, 1987 to install septic systems within the easement areas granted to us for the Hidden Hills Subdivision. From time to time it may be necessary for us to access our facilities within the easement areas with heavy equipment. Approval for the use of the easement areas for septic systems is given with the understanding that in the event of damage to any of these systems in the future by our equipment, Union Electric shall not be liable for such damage and it shall be the responsibility of the homeowner to make any necessary repairs.

The overall layout that you requested will be forwarded to you as soon as possible.

Very truly yours,

UNION ELECTRIC MEMBERSHIP CORP.

Charlotte, NC 28212

RE: Property located at Lebanon Road 23-3
FILE: 4222A
PARCEL: 13531212 PO

Dear Sir:

At your request, a field investigation was conducted on the property designated above for the purpose of determining site suitability for the installation of a ground absorption sewage disposal system. The property was found to contain a limited area of soils which were classified as provisionally suitable for such an installation. A copy of the Site Evaluation Report (Serial Number 14885) is enclosed for your information.

Should you desire to file for permission to install a ground absorption sewage disposal system, please submit an Application For An Improvement Permit with an ACCURATELY dimensioned plot plan detailing the location of current and/or proposed buildings, wells and sewage disposal systems to this office. The plan will be reviewed and if it is found that the area of provisionally suitable soils is adequate for the proposed construction, an Improvement Permit will be issued by this Department.

If I may be of assistance, please do not hesitate to contact me.

Sincerely,

Sylvia D. Daniel
