PLOT PLAN

This is to certify that a soil investigation and on-site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The field investigation was conducted on that portion of the lot as indicated on the above plot PROVISIONALLY SUITABLE

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit to install a ... system and the site plan from the Mecklenburg County Department of Environmental Health must be obtained prior to construction of the wastewater treatment system on the said lot.
2. The size of the system and the ... shall be determined by the Mecklenburg County Department of Environmental Health at the time of application for the permit and on the size and type ... approved plans.
3. This approval ... shall not be construed to imply that any other property ... system installation on the above plot.
4. This approval is ... of the ... well ... on the lot which in the opinion of the Mecklenburg County Department of Environmental Health ... the area indicated as acceptable for system installation ... and that ... consistent with such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
