Rept. for ARGU Review
7745 Newell Rd., Charlotte, NC
PID# 113-131-11
File # 7003B
Application#2011

03/06/07 (Tues.) - Received request for ARGU review for private well abandonment for a WSW located at 7745 Newell Rd., Charlotte, PID#113-131-11. According to the WIS, there is an existing well at this property.

03/13/07 (Tues.) – Because some permits submitted for locations in this area by Mactec, the agent for the property owner, were not necessary, received confirmation from Mactec that a permit is actually required for this location. Conducted ARGU Review. Identified 2 MPL sitse within 2,000' of the subject parcel.

MPL# 16 Anilox Roll Co.
4840 Wallace Neel Rd., Charlotte, NC
PID# 113-141-07
NCDENR APS Inc. #85385
Source-unknown

NCDENR database indicates this is CERCLA site, no files at MRO. No GW contamination detected.

MPL investigation completed in 1998. Twenty-one WSWs located and 3 were sampled for VOCs with 2 wells impacted. No record of well sampling or impact at the subject site.

The subject site is within 1,000' of this MPL site.

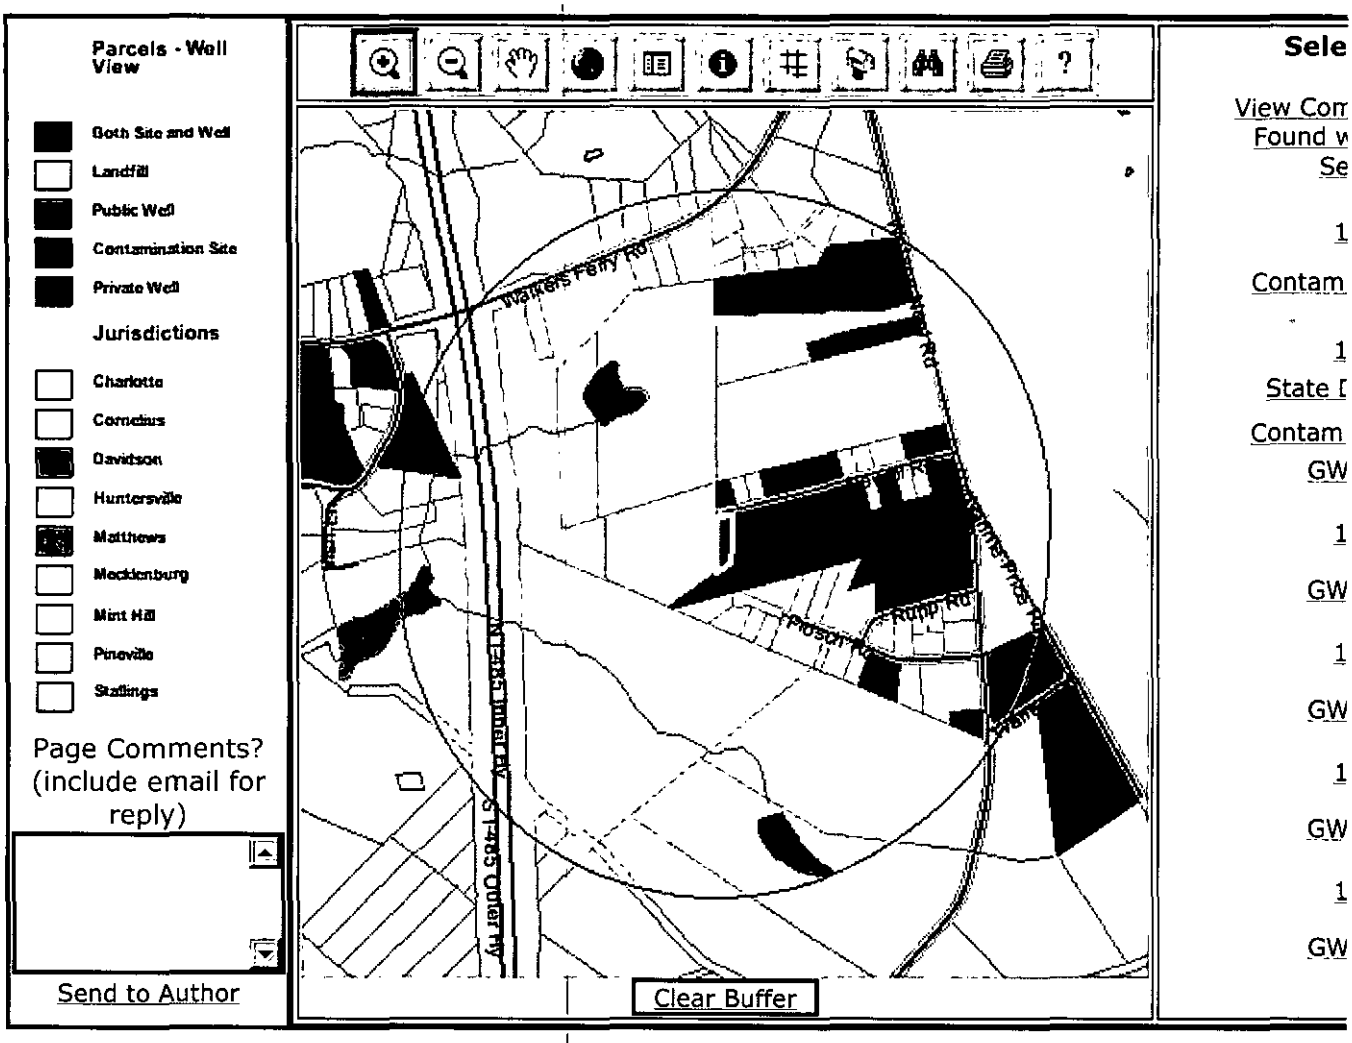

MPL# 941 Warren Rd. Site
4933 Wallace Neel Rd., Charlotte, NC
PID# 115-181-01
NCDENR APS Inc. #17656
Source-unknown

NCDENR database indicates that TCE and breakdown products detected in WSWs in area, but NCDENR investigation did not determine source.

No MPL investigation completed for the site, but Meck. Co. file references water sampling associated with NCDENR investigation and findings in 1999 with no additional detections.

The subject site is within 1,500' of this MPL site.

Based on review of our files, the permit for a private well abandonment at PID# 113-131-11, 7745 Newell Rd., Charlotte, NC is approved. No record of well sampling or well contamination was noted in the MPL files, so the well requires abandonment under the Mecklenburg Co. Groundwater Regulations dated Oct. 5, 2004, Chapter II Construction, Repair and Abandonment for Private Water Supply Wells with no special conditions.

Caldwell, Shawna W.

From: Bruce Parris [Bruce.Parris@ncmail.net]
Sent: Wednesday, March 14, 2007 1:09 PM
To: Caldwell, Shawna W.
Subject: warren rd incident #17656

Shawna,

Just confirming that we don't have any well sampling data or reports of impacts to wells at either 7745 or 7721 Newell Rd listed under this project. The only wells that were listed as impacted in the file were the Charlotte-Douglas Airport facility well on Warren Road (apparent source the Airplane Mechanic's Hanger) and the Holman-Moody Inc. facility well located on 4933 Wallace Neal Rd (apparent source a floor drain-septic system at the facility). The source info is according to a GWS Technical Services Unit investigation report dated 9/1998.

Let me know if you need more information.

Sincerest Regards,
Bruce
