SOIL INVESTIGATION REPORT

Date of Investigation June 21, 1977 APT NO. 12685

Owner Ralph Squires Construction Co, Inc.

Location of Property 2201 Citation Court Lot No. 30 Block G

Soil Suitability Ratings Texas Code No. P-0215-131-62

Soil Properties	Soil 1	Soil 2	Soil 3	Soil 4
1. Soil Series	Sec. 1			
2. Soil Slope	suitable 2-8%			
3. Soil Depth	suitable >48"			
4. Soil Texture	provisionally suitable clay			
5. Soil Structure	provisionally suitable blocky			
6. Restrictive Horizons	—			
7. Soil Drainage	suitable water table >6'			
8. Soil Permeability (Percolation Rate)	provisionally suitable moderate			
9. Other	60 min/in.			
10. Overall Rating	provisionally suitable			

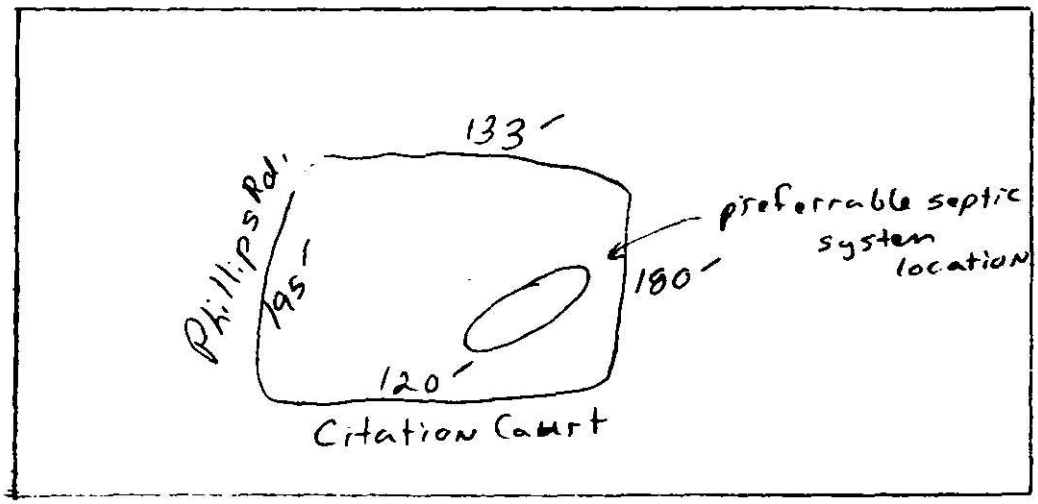

Recommendations Based on this investigation, the lot was found to have an adequate area of provisionally suitable soils for installation of a septic tank system. System design should be based on a percolation rate of 60 min./in.

PLOT PLAN

This lot was evaluated and investigated by the Mecklenburg County Department of Environmental Health as described above. The soil investigation was conducted on the lot as indicated on the plot plan. **Provisionally Suitable**

The permeability rate as determined by the investigation was **60 min/in.** The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. A complete detailed plot plan showing the exact system to be installed on the Mecklenburg County Department of Environmental Health approved lot must be submitted with the wastewater treatment system application.
2. The size of the septic tank and the total length of the absorption trench which must be installed on the system as determined by the Mecklenburg County Department of Environmental Health are the same as the rate assigned above, and the size of the tank and trench may not be reduced.
3. The approval is valid only for the system installation as shown on the approved and dated acceptable for system installation on the above plot.
4. The approval is void if grading or any other activity disturbing the original soil profile on the lot which is the basis of the Mecklenburg County Department of Environmental Health decision that the lot is indicated as acceptable for system installation unsuitable for installation construction alteration or repair of the system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.

MAP BOOK NO. PAGE NO.

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 12685. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
