Bill Marlin will Soil test 1 Acre across the road from her house. Improvement Permit If Soil are O.K, ~~Site~~ Investigation is to be made for Addition of 2 bedrooms to existing home. New System will then go into this area — MUST install 1500 gal Septic 1000 gal L.P. & 300' drainfield to = 533' for a 4 bedroom home. P.S. I would sign off on building permit with a hold occupancy. Since it would be difficult to install Tanks until building construction is complete. Could go ahead & Put in new drainfield we need O.K from DOT

8/1/94 approved new pump tank
& supply line -
also new drainfield -
Kiser

Site need pump & alarm approval
