MECKLENBURG COUNTY
DEPARTMENT OF ENVIRONMENTAL HEALTH
SOIL INVESTIGATION REPORT

NAME OF OWNER Civil Realty Company

ADDRESS OF OWNER P. O. Box 18054, Charlotte, N. C. ZIP 28218

LOCATION OF PROPERTY Ridgeview Road

SUBDIVISION Boulevard Acres LOT NO 56, 57, 58 BLOCK NO

PLOT PLAN

This site was evaluated by the Mecklenburg County Department of Environmental Health and a soil investigation was conducted on that portion of the lot indicated on the plot plan. **Provisionally Suitable**

The permeability rate and other pertinent soil data determined on said lot is approved for the installation of a subsurface, soil absorption effluent discharge subject to the following conditions:

1. A permit must be obtained from the Mecklenburg County Department of Environmental Health for the wastewater treatment system to be installed.
2. The depth to the seasonal high water table must be determined by the Mecklenburg County Department of Environmental Health using the soil morphology data obtained above and the zero moisture reading taken on this date.
3. The area of the lot which meets the requirements for acceptable for system installation is the area staked.
4. The approval is granted for the site as staked and the evaluation was performed on the date at which time the groundwater was measured. Any change in the site as staked or in the system installed may void this approval. The site is not indicated as acceptable for the system.

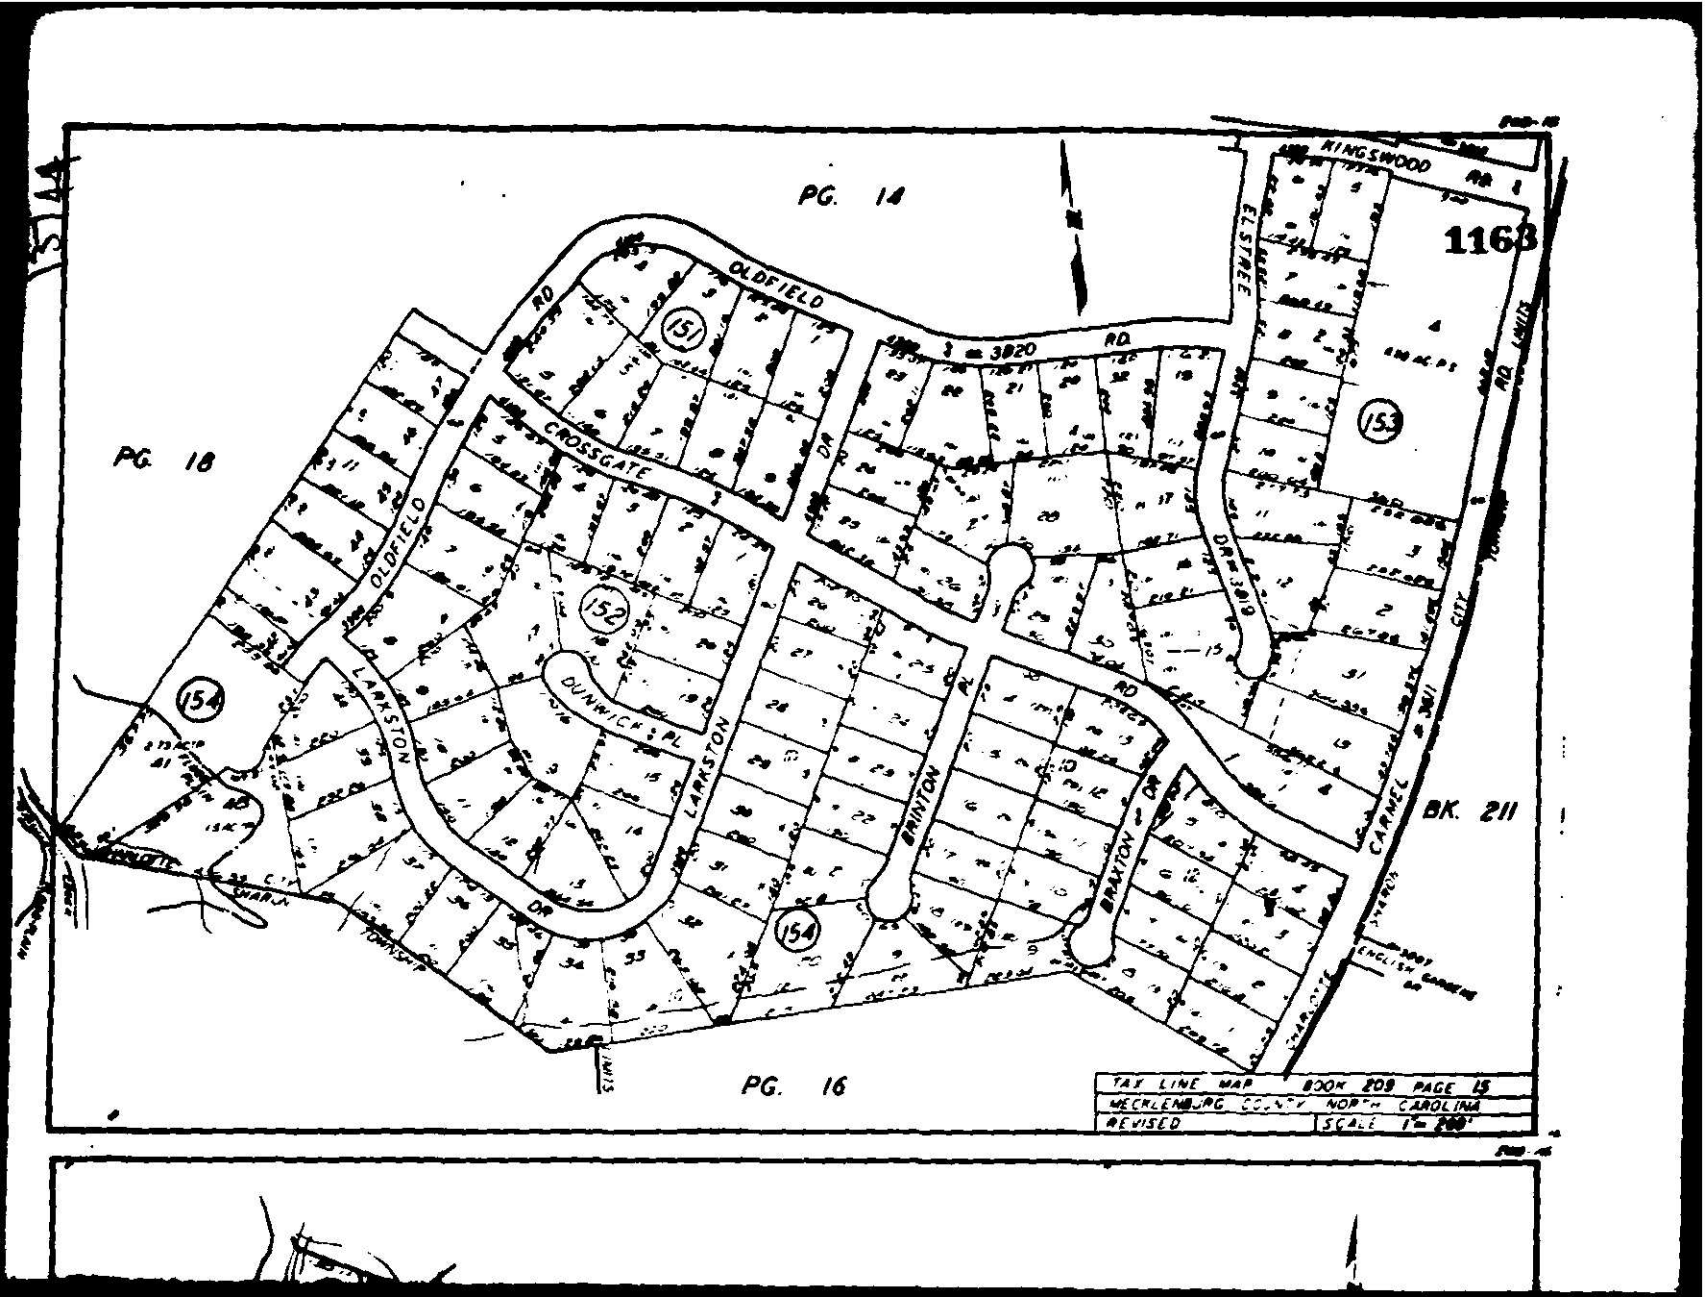

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which are in effect on the date of issuance and is void if at any time in the future project completion or the system installed does not meet regulations are changed such that this approval would not have been granted had the new or revised rules and regulations been in effect on the issue date.
