PLOT PLAN

This is to certify that a soil investigation was made by the Mecklenburg County Department of Environmental Health on the above property and investigation was conducted on that portion of the lot as indicated on the above plot. PROVISIONALLY SUITABLE The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit must be obtained from the Mecklenburg County Department of Environmental Health for the wastewater treatment system on the said lot.
2. The system shall be designed by the Mecklenburg County Department of Environmental Health based on the rate obtained above and the size of the house.
3. This permit is issued to the system installer on the above property.
4. This approval is granted as acceptable in the Mecklenburg County Department of Environmental Health for the system installed.

This approval is granted based on the laws of the state of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of this approval and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been issued had the new revised laws, rules and regulations been in effect on the issue date.
