SERIAL № 16150

Name of Owner Thomas Davis, Jr Juris.: _____

Address of Property 15529 Hugh McAuley Rd

Inspection Data:

Tank Material PCC – existing new tee added

Total Length of Drainfield 100' + 140' Washer line

Number of Lines 2 at 50' and 3 at 45-50'

Cover Depth 8"-20"

Water Supply Source well

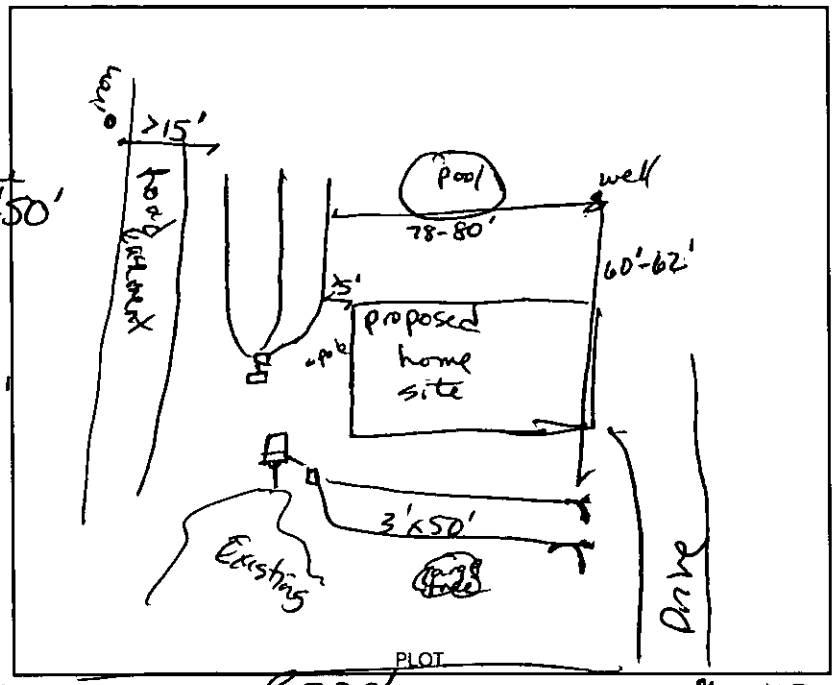

Distance to Water Source 78'-80'; 60'-62'

Excavation Inspected 7-11-95

Tank(s) Inspected existing

Wash Line Inspected 7-11-95

High Water Alarm Inspected —

Design 1995 Alteration, 12" stone, Washer box w/ tee to washer drainfield CTR# 80
300 sq ft added to septic tank system.

The undersigned has inspected the Septic Tank System described above, and certifies it has been

☐ installed or constructed ☒ altered or repaired

☐ in accordance with the permit issued ☒ as detailed in the plot above

and meets the provisions of 15A NCAC 18A. 1900, "Laws And Rules For Sewage Treatment and Disposal Systems" in effect on the date of issuance of the permit. This issuance of this

☒ Certificate of Completion ☐ Operation Permit

does not in any way guarantee that the system will operate properly or relieve any person now or hereafter owning, controlling, or using such system from any liability resulting from the failure of the system to operate properly. This document is issued subject to those restrictions and conditions shown on the permit(s) and the provisions of 15A NCAC 18A. 1990 in addition to those listed below under "COMMENTS." This document shall be null and void if any information contained in the application is untrue or if any additions are made to the property which would increase the requirements for said system.

Notice: Disturbance of the designated repair area may result in the suspension/revocation of this permit.

COMMENTS: upgrade from 2 bdrm system to 3 (three) bedroom system

SERIAL Nº 16063

Permission is hereby given to _____ Install or Construct, ✓ (Alter) or Repair the individual septic tank wastewater treatment system with subsurface, soil absorption, effluent discharge as specified herein at the described location. This permit is granted based upon the information supplied in the application dated 6/26/95. All work shall be completed on or before 7/30/95, after which date this permit shall be null and void. The system shall meet all of the construction requirements of 15A NCAC 18A. 1900 which are in effect on the date of the granting of this permit. A Certificate of Completion or an Operation Permit must be obtained from the Mecklenburg County Health Department before any system can be covered up or placed into service. The issuance of this permit does not in any way guarantee that the system anticipated to be constructed will operate properly, or relieve any person now or hereafter owning, controlling or using such system from any liability resulting from the failure of the system to operate properly.

Liquid Capacity of ~~Septic Tank~~ Washer Box 40 gallons

Liquid Capacity of Dosing Tank ✓ gallons

Tank Construction PCC

Trench Depth 24-36" max

Absorption and/or Nitrification Lines:

Trench Width 3 feet

Trench Walls Scored and Porous ✓

Total Line Length 100' to Exist. 140' for Washer feet

Number of Lines 2@50' each - Exist. 2@70' each - Washer

Depth of Stone 12 inches

(Proposed) Distance from House 5' feet

Distance from Property Line 10' feet

Distance from Well ≥50' feet

(3) Recommend Pumping both compartments of septic tank to remove all solids.

NOTICE: This system shall not be installed while soils are in a wet condition.

NAME OF OWNER Thomas Davis, Jr.

LOCATION OF PROPERTY 15529 Hugh McAuley Rd.

Comments: Installation/alteration to exchange 2 bedroom m.h. for 3 bedroom residence.

(1) Washer - install 40 gal. washer box, D-Box, 2 lines - 3' x 70' x 12" stone; Maintain 9' centers; keep 6' from existing washer line if possible

(2) Install new sanitary tee to existing septic tank to function as overflow from existing system. Install D-Box, 2 lines - 3' x 50' x 12" stone; one step down per line. Step down not to be included in total linear feet.

LOCATION OF PROPERTY County Road #2140 (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO. _____ BLOCK NO. _____

PLOT PLAN

This is to certify that a soil investigation and on-site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot. **Provisionally** The permeability rate determined by the investigation was **Suitable**. The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit to install, construct, alter, or repair the specific system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction of buildings, or of the wastewater treatment system on the said lot.
2. The size of the septic tank wastewater treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health prior to installation based on the permeability rate obtained above, and on the size and type of building constructed thereon.
3. This approval is valid only if the system is installed in the immediate area indicated as acceptable for system installation on the above plot.
4. This approval is void if any grading, filling, or construction (including the drilling of a well) is performed on the lot which, in the opinion of the Mecklenburg County Department of Environmental Health, renders the area indicated as acceptable for system installation unsuitable for installation, construction, alteration, and/or repair of such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

SUBDIVISION _____ LOT NO _____ BLOCK NO. _____

MAP BOOK NO. _____ PAGE NO _____

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 13466. This approval is subject to the following terms and conditions:

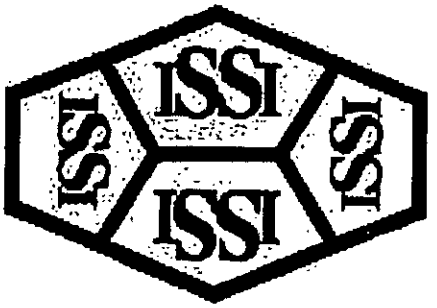

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same.

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic tank system is not being installed, constructed, altered and or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.

LOCATION OF PROPERTY 15529 Hugh McAuley Road (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO. _____ BLOCK NO. _____

PLOT PLAN

This is to certify that a soil investigation and on-site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plot. provisionally

The permeability rate determined by the investigation was suitable. The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

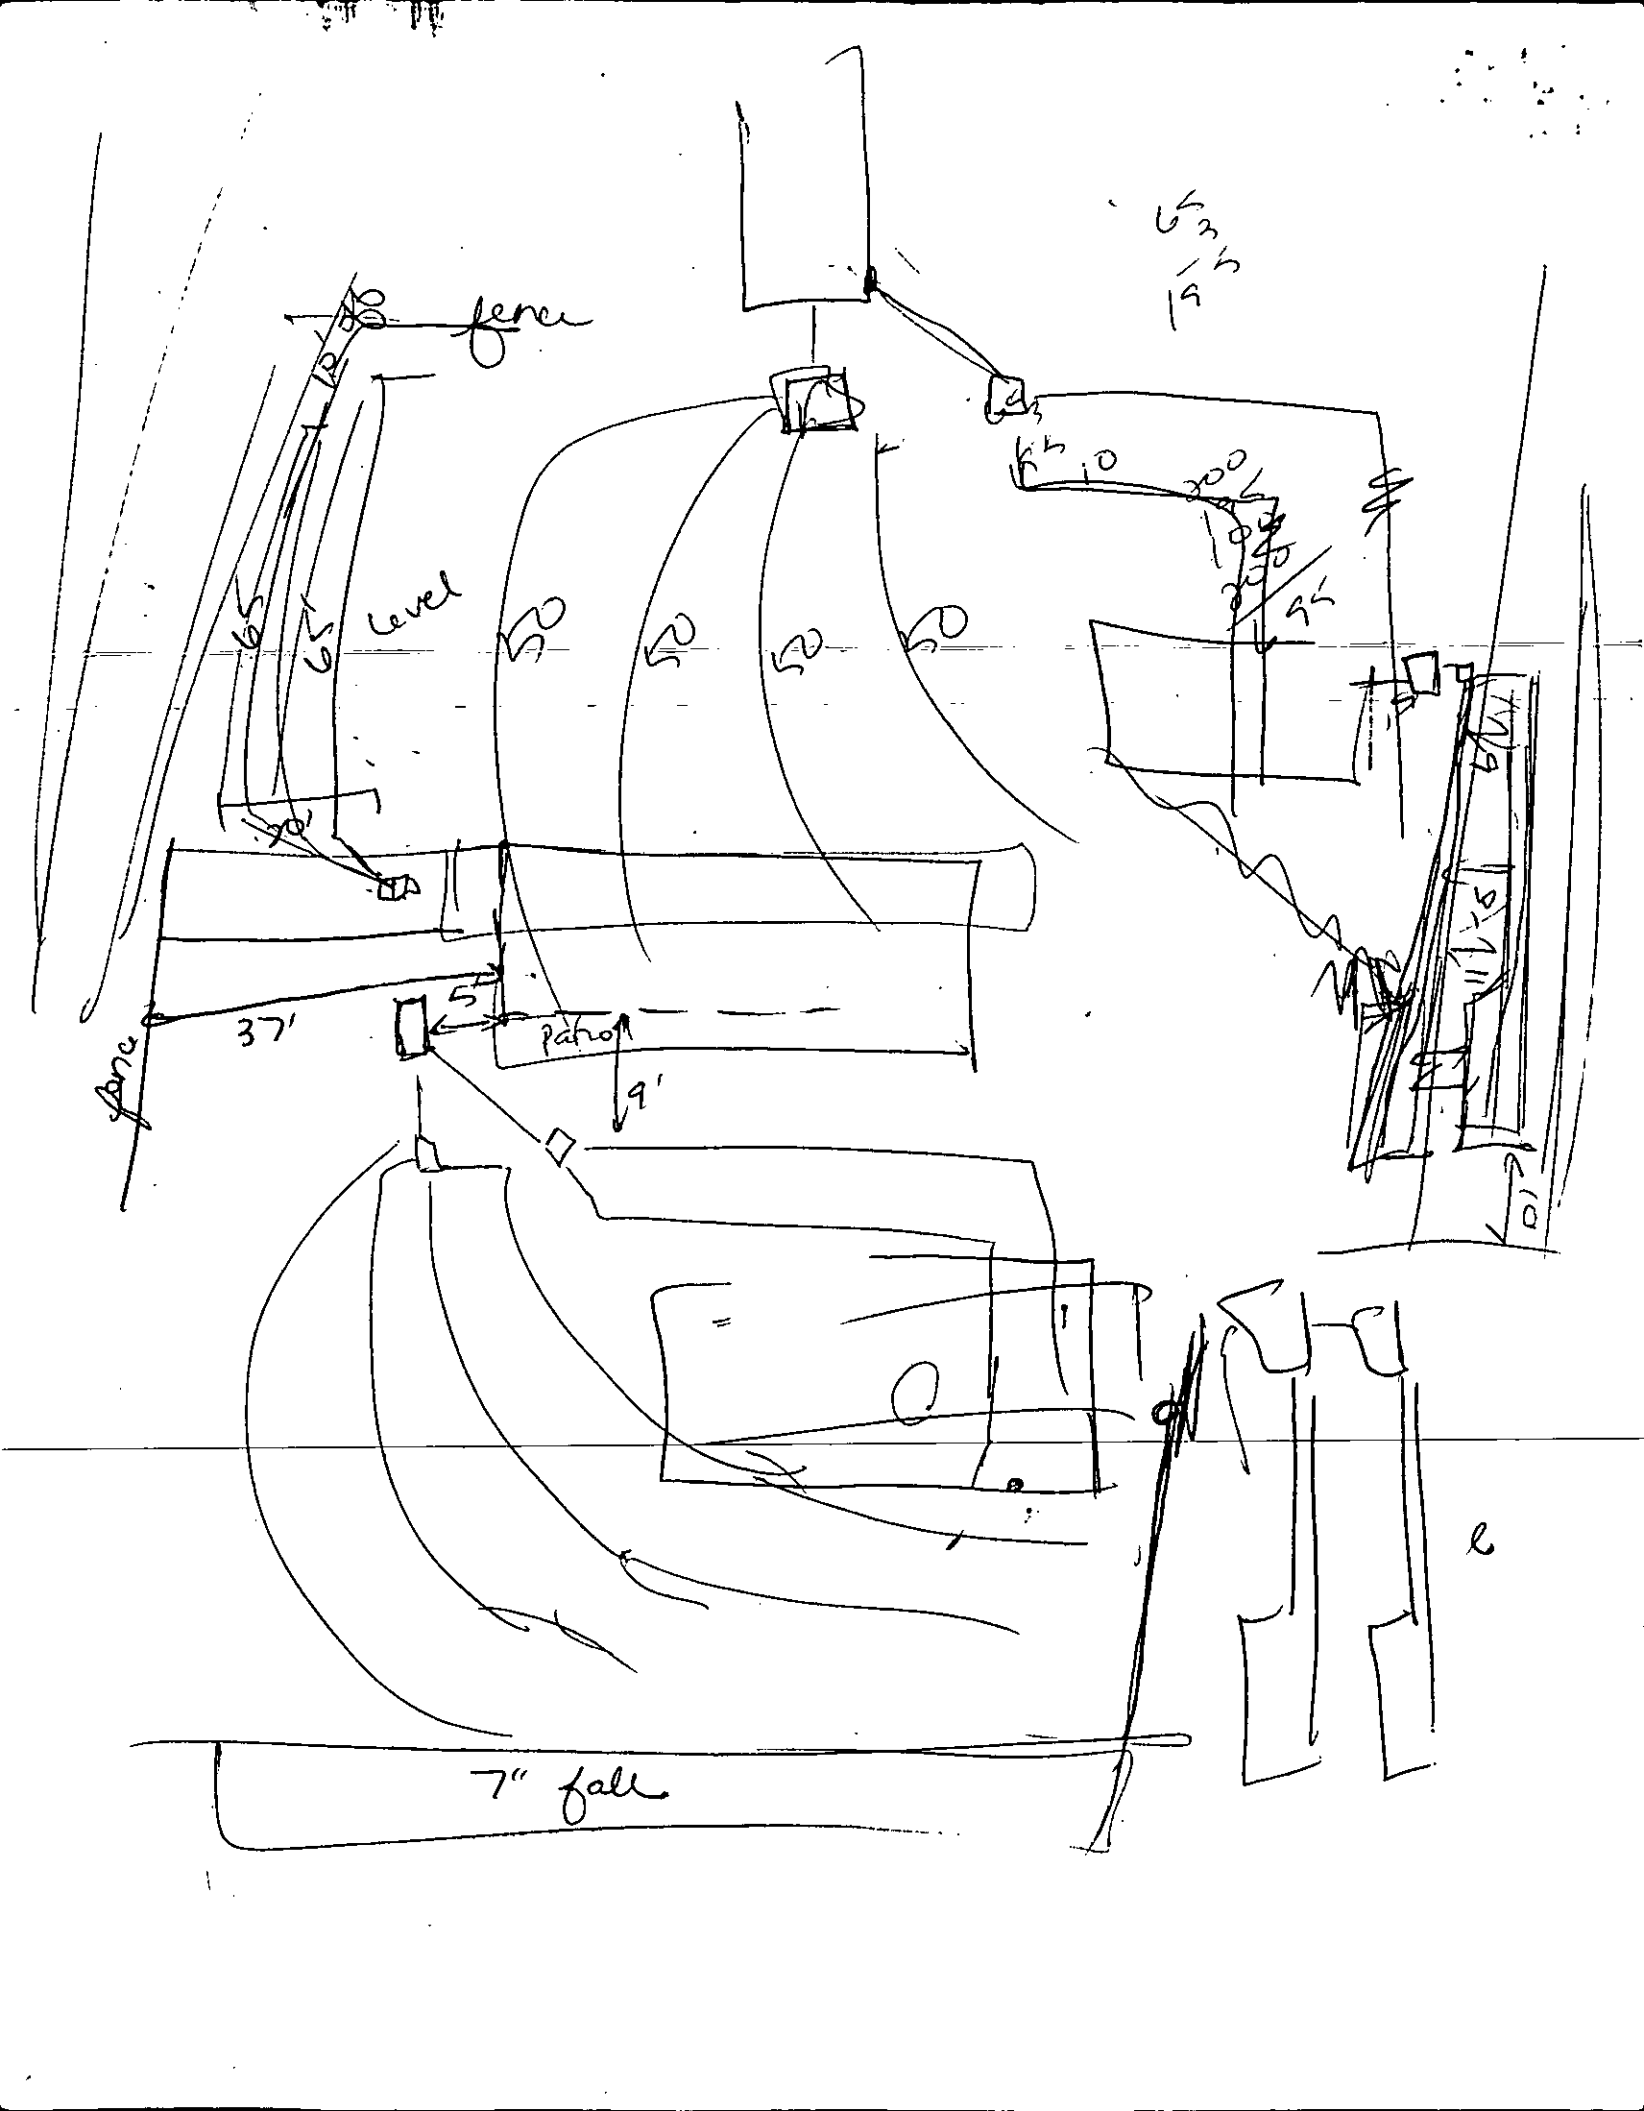

1. A permit to install, construct, alter, or repair the specific system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction of buildings, or of the wastewater treatment system on the said lot.
2. The size of the septic tank wastewater treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health prior to installation based on the permeability rate obtained above, and on the size and type of building constructed thereon.
3. This approval is valid only if the system is installed in the immediate area indicated as acceptable for system installation on the above plot.
4. This approval is void if any grading, filling, or construction (including the drilling of a well) is performed on the lot which, in the opinion of the Mecklenburg County Department of Environmental Health, renders the area indicated as acceptable for system installation unsuitable for installation, construction, alteration, and/or repair of such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

THIS DEED made this 1st day of August 1981, by and between

GRANTOR	GRANTEE
JUNE HILTON MULLIS (WIDOWER)	NORMAN H. MANOR AND WIFE, PHYLLIS DIANE MANOR

STAMPS $ 9.00
FEE $ 1.00
( ) $ 14.50
CASH $ 14.50
13119 #8231.000
09/01/81

The designation Grantor and Grantee as used herein shall include said parties, their heirs, successors, and assigns, and shall include singular, plural, masculine, feminine or neuter as required by context.

WITNESSETH, that the Grantor, for a valuable consideration paid by the Grantee, the receipt of which is hereby acknowledged, has and by these presents does grant, bargain, sell and convey unto the Grantee in fee simple, all that certain lot or parcel of land situated in the City of Pineville, Lemley Township, Mecklenburg County, North Carolina and more particularly described as follows:

Beginning at an iron, a common corner of the property of Hugh McAuley, Mrs. W. L. Douglas and Mary Boyce Irvin, and running from said Beginning Point with Irvin's line S. 61-39 E. 1400.0 feet to an old iron; thence S. 28-20 W. 243.87 feet to an iron; thence S. 39-00 E. 120 feet to an iron; thence S. 54-12-40 W. 118.87 feet to an iron in the line of Mrs. W. L. Douglas; thence with the easterly line of Mrs. W. L. Douglas N. 31-28 W. 420 feet to the point and place of Beginning and containing 2.01 acres according to a physical survey of the property of June H. Mullis by T. L. Brotherton, dated August 1, 1981.

TOGETHER with a 15 foot exclusive easement for ingress and egress purposes, said 15 foot exclusive easement beginning at an old iron in the center of Rural Public Road #2560 commonly known as Torrence Lane, a corner of Mrs. W. L. Douglas property, and running thence with the Douglas line N. 31-28 W. 224.14 feet to an iron, the southwest corner of the property hereinabove described; thence N. 54-12-40 E. 215 feet to a point; thence S. 31-28 E. 218.64 feet to a point in the center of Torrence Lane; thence with the center of Torrence Lane S. 33-39 W. 15 feet more or less to the point and place of Beginning.

Nora Mae Mullis died in Mecklenburg County, North Carolina, November 21, 1980.

For chain of title reference see Book 3514, at page 130 and Book 3099, at page 69 of the Mecklenburg Public Registry.

INDIVIDUAL DEED

3099/69

This Deed

Made this 29th day of May, A. D. 19 69 by and between

--THOMAS F. IRVIN, JR. and wife, NEVEDA M. IRVIN,--

of the County of Mecklenburg and State of North Carolina parties of the first part, and

--JUNE MILTON MULLIS and wife, CLARA MAE MULLIS,--

of the County of Mecklenburg and State of North Carolina parties of the second part:

WITNESSETH, that the said parties of the first part, in consideration of One Hundred Dollars and other valuable considerations Dollars to them paid by the parties of the second part, the receipt of which is hereby acknowledged have bargained and sold, and by these presents do grant, bargain, sell and convey unto the said parties of the second part and their heirs, all that certain tract of land, situate, lying and being in Huntersville Township, Mecklenburg County, State of North Carolina, and more particularly described as follows:

BEGINNING at an old iron in the center of Rural Public Road 2140, also known as Torrence Lane, a corner of the Mrs. W. L. Douglas property, and running thence with the Douglas line N 31-28 W 500.0 feet to an iron; thence a new line S 67-52-30 E 170.70 feet to an iron; thence another new line S 39-00 E 300.0 feet to a tack in the center of Torrence Lane, which line by-passes an iron located at the westerly right-of-way edge of Torrence Lane; thence with the center of Torrence Lane S 33-39 W 155.0 feet to the point and place of beginning, containing 1.090 acres as shown on map of survey by James C. Gamble N.C.R.S., dated May 28, 1969; and being a portion of the property conveyed to the parties of the first part by J. Boyce Irvin by deed dated April 7, 1969, which is recorded in Book 3079 at page 326 in the Office of the Register of Deeds for Mecklenburg County, North Carolina.

The parties of the first part also grant and convey to the parties of the second part, or their heirs, the right of use of the well and septic tank located on the premises of the parties of the first part, which is adjacent to and immediately east of the property herein conveyed, on the condition that the parties of the

broken line on tax map? to C/L?

have bargained and sold, and by these presents do grant, bargain, sell and convey unto the said parties of the second part and their heirs, all that certain tract of land, situate, lying and being in Huntersville Township, Mecklenburg County, State of North Carolina, and more particularly described as follows:

BEGINNING at an old iron in the center of Rural Public Road 2140, also known as Torrence Lane, a corner of the Mrs. W. L. Douglas property, and running thence with the Douglas line N 31-28 W 500.0 feet to an iron; thence a new line S 67-52-30 E 170.70 feet to an iron, thence another new line S 39-00 E 300.0 feet to a tack in the center of Torrence Lane, which line by-passes an iron located at the westerly right-of-way edge of Torrence Lane, thence with the center of Torrence Lane S 33-39 W 155.0 feet to the point and place of beginning, containing 1.090 acres as shown on map of survey by James C. Gamble N.C.R.S., dated May 28, 1969, and being a portion of the property conveyed to the parties of the first part by J. Boyce Irvin by deed dated April 7, 1969, which is recorded in Book 3079 at page 326 in the Office of the Register of Deeds for Mecklenburg County, North Carolina.

The parties of the first part also grant and convey to the parties of the second part, or their heirs, the right of use of the well and septic tank located on the premises of the parties of the first part, which is adjacent to and immediately east of the property herein conveyed, on the condition that the parties of the second part, or their heirs, pay one-half of the cost of installation of the said well and septic tank, and for so long as the parties of the second part continue to pay one-half of the cost of maintenance of the said well and septic tank. The use of this said well and septic tank shall be limited to one single family

15529 Hugh McAuley Road
Huntersville, NC 28078

Re: 15529 Hugh McAuley Road
File: 20886
Parcel: 009-071-05

Dear Mr. Davis:

The purpose of this letter to to provide initial feedback and comments on your application and to assist you in determining the most appropriate method of proceeding. It is my understanding that you will contact this office after your attorney reviews and recommends an option.

Receipt of your application requesting to utilize the existing sewage disposal system presently serving a two (2) bedroom mobile home at 15529 Hugh McAuley Road in exchange for a new four bedroom house is hereby acknowledged.

Upon receipt of this information and the copies of deeds brought to this office by Donna Kern of Merryman and DeArmon, Attorneys at Law, a review was made of the material on file and site visits were conducted. The plan was reviewed in conjunction with the provisions of 15A NCAC 18A .1900, "Laws and Rules for Sewage Treatment and Disposal Systems." Our comments are listed below:

- Our records indicate that the existing sewage disposal system was designed for a 2 bedroom mobile home without a washing machine, garbage disposal, or dishwasher per your application dated May 1, 1984. We have no records on file indicating a permit was issued to install the nitrification line/bed that has been installed behind the mobile home for a washing machine. We are unable to determine the footage in this line/bed.

- An upgrade of the present system would be necessary to accommodate a 4-bedroom house. The area on the lot available for such an upgrade is insufficient and the lot would currently be classified as "UNSUITABLE" with respect to available space according to the following rule:

.1945 AVAILABLE SPACE

(a) Sites shall have sufficient available space to permit the installation and proper functioning of ground absorption sewage treatment and disposal systems, based upon the square footage of nitrification field required for the long-term acceptance rate determined in accordance with these Rules.

(b) Sites shall have sufficient available space for a repair area separate from the area determined in Paragraph (a) of this Rule. The repair area shall be based upon the area of the nitrification field required to accommodate the installation of a replacement system as specified in Rule .1955, .1956, or .1957 of this Section. Prior to issuance of the initial Improvement Permit for a site, the local health department shall designate on the permit the original system layout, the repair area, and the type of replacement system.

(c) The repair area requirement of Paragraph (b) of this Rule shall not apply to a lot or tract of land:

(1) which is specifically described in a document on file with the local health department on July 1, 1982, or which is specifically described in a recorded deed or a recorded plat on January 1, 1983; and

(2) which is of insufficient size to satisfy the repair area requirement of Paragraph (b) of this Rule, as determined by the local health department; and

(3) on which a ground absorption sewage treatment and disposal system with a design daily flow of:

(A) no more than 480 gallons is to be installed; or

(B) more than 480 gallons is to be installed if application for an improvement permit which meets the requirements of Rule .1937(c) of this Subchapter is received by the local health department on or before April 1, 1983.

(d) Although a lot or tract of land is exempted under Paragraph (c) from the repair area requirement of Paragraph (b), the maximum feasible area, as determined by the local health department, shall be allocated for a repair area.

●The deed submitted to this office for this property, is dated March 28, 1984 and therefore is not excluded from the repair area requirement under .1945 (C) (l). In order to utilize this exclusion, additional documentation is necessary.

For these reasons, the application as submitted are disapproved.

In addition, please be aware that according to Rule .1948(d) "A site classified as UNSUITABLE may be used for a ground absorption sewage treatment and disposal system specifically identified in Rules .1955, .1956, or .1957 of the Section or a system approved under Rule .1969 if written documentation, including engineering, hydrogeologic, geologic or soil studies, indicates to the local health department that the proposed system can be expected to function satisfactorily. Such sites shall be reclassified as PROVISIONALLY SUITABLE if the local health department determines that the substantiating data indicate that:

(1) a ground absorption system can be installed so that the effluent will be non-pathogenic, non-infectious, non-toxic, and non-hazardous;
(2) the effluent will not contaminate groundwater or surface water; and
(3) the effluent will not be exposed on the ground surface or be discharged to surface waters where it could come in contact with people, animals, or vectors.

The state shall review substantiating data if requested by the local health department."

Other possible options available to you, after a site reclassification, may be to:

(1) consider reducing the number of bedrooms to a number that the site may accommodate.
(2) acquiring additional land area by purchase or easement for the nitrification field and its required repair area.
(3) connection to a municipal sewer line if this is an available option. You should contact the Charlotte Mecklenburg Utility Department (CMUD) for further information.

You have the right to an informal review with this Department. If a satisfactory resolution is not obtained you have the right to appeal the decision of this Department under G.S. 130A-24, and G.S. 150B-23 (a) through the State Office of Administrative Hearings (OAH).

We will gladly assist you in pursuing these possible options. If you have any questions concerning this matter, please contact me at 336-5573.

Sincerely,

Lisa B. Mialik
