Mr. Charles T. Holmes
8401 Cedarbrook Drive
Charlotte, NC 28215

Subject: Property located at 8401 Cedarbrook Drive

Dear Mr. Holmes:

Receipt of the plans and specifications for a deck at the above referenced property is hereby acknowledged. Upon receipt of the plan, a review was made of the material on file and a site evaluation was conducted. The plan was then reviewed in conjunction with the provisions of 15A NCAC 18A .1900, "Laws and Rules for Sanitary Sewage Collection, Treatment, and Disposal". Our comments are listed below:

Rule .1950 Location of Sanitary Sewage Systems (a) (16) states that placing a swimming pool directly over any part of the septic system is prohibited. The required setback is fifteen (15) feet for a swimming pool. The existing septic nitrification field is partially covered with an above ground pool. Normally, approximately forty percent (40%) of the effluent in a sewage disposal system is dissipated through evapotranspiration from the drain lines. This treatment is lost with construction over the drainfield.

This letter is to advise you that you are in violation of the above regulation cited and the application for an approval to add a deck is denied. However, some possible options to bring your septic system in compliance would be as follows:

1) Relocate the swimming pool.
2) Replace septic system drainfield. An alteration permit will need to be applied for if this option is exercised.

You may wish to exercise your right of appeal in accordance with G.S. 150B-23. This process begins when you contact this office for directions on proceeding further with the formal hearing.

If you have any questions concerning this matter please contact me at 336-5570.

Sincerely,

Philo S. Walker R.S.

SOIL INVESTIGATION REPORT

NAME OF OWNER Helms, (LAST) Thomas (FIRST) W. (MIDDLE)

ADDRESS OF OWNER 7000 Lakeland Dr., Charlotte, NC ZIP 28214

LOCATION OF PROPERTY Cedarbrook Drive (STREET OR COUNTY ROAD)

SUBDIVISION _____ LOT NO. 33 BLOCK NO. _____

PLOT PLAN

This is to certify that a soil investigation and on-site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot as indicated on the above plat. The permeability rate determined by the investigation was **Provisionally Suitable**. The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit to install, construct, alter, or repair the septic system shall be obtained from the Mecklenburg County Department of Environmental Health prior to the beginning of any construction of buildings, or of the wastewater treatment system on the said lot.
2. The size of the septic tank wastewater treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health prior to installation based on the permeability rate obtained above, and on the size and type of building constructed thereon.
3. This approval is valid only if the system is installed in the immediate area indicated as acceptable for system installation on the above plat.
4. This approval is void if any grading, filling or construction (including the drilling of a well) is performed on the lot which, in the opinion of the Mecklenburg County Department of Environmental Health, renders the area indicated as acceptable for system installation unsuitable for installation, construction, alteration, and/or repair of such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
