PLOT PLAN

This is to certify that a soil investigation and [illegible] by the Mecklenburg County Department of Environmental Health on this [illegible] The soil investigation was conducted on that portion of the lot as indicated on the plot plan.

The permeability rate determined on this lot is [illegible] The said lot is approved for the installation of an individual subsurface wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit must be obtained before beginning construction of the system from the Mecklenburg County Department of Environmental Health and the wastewater treatment system must be installed [illegible]
2. The size of the septic tank and the length of the absorption lines must be determined by the Mecklenburg County Department of Environmental Health [illegible] and on the size and type of building proposed to be served.
3. The [illegible] shall be shown on the building plans submitted for acceptance for system installation on the above lot.
4. The [illegible] shall be staked [illegible] and the soil profile [illegible] performed on the lot which is the same as the Mecklenburg County Environmental Health number as indicated as acceptable for subsurface [illegible] and the lot is [illegible] acceptable for such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
