SOIL INVESTIGATION REPORT

Date of Investigation June 21, 1977 APT NO. 12636

Owner Ralph Squires Construction Co, Inc.

Location of Property 14010 Mill house Dr. Lot No. 13 Block M

Soil Suitability Ratings Tax Code No. P.O. 215-131-62

Soil Properties	Soil 1	Soil 2	Soil 3	Soil 4
1. Soil Series	Cecil			
2. Soil Slope	Suitable 3-8%			
3. Soil Depth	suitable >48"			
4. Soil Texture	provisionally suitable Clay			
5. Soil Structure	provisionally suitable blocky			
6. Restrictive Horizons	—			
7. Soil Drainage	suitable water table >6'			
8. Soil Permeability (Percolation Rate)	provisionally suitable moderate 60 min/in.			
9. Other	—			
10. Overall Rating	provisionally suitable			

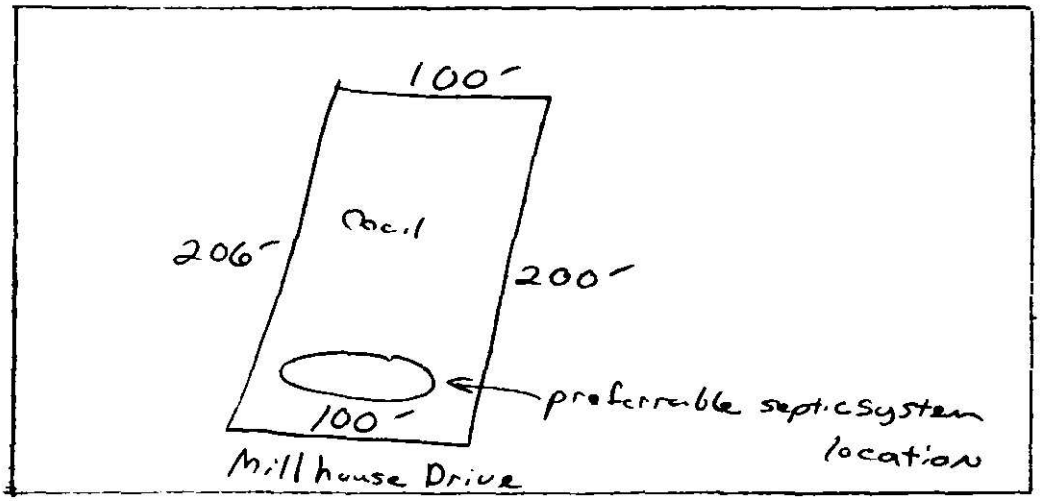

Recommendations Based on this investigation, the lot was found to have an adequate area of provisionally suitable soils for installation of a septic tank system. System design should be based on a percolation rate of 60 min/in.

PLOT PLAN

This soil investigation was made by the undersigned representative of the Mecklenburg County Department of Environmental Health at the request of the above listed owner. The investigation was conducted on the above listed lot and the results are recorded on the above plot **Provisionally Suitable**

The permeability rate for the lot tested by the investigation was **60 min/in.** The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. A permit must be obtained from the Mecklenburg County Department of Environmental Health prior to the installation of the wastewater treatment system on the said lot.
2. The approval of the wastewater treatment system which may be installed is determined by the Mecklenburg County Department of Environmental Health on the basis of the permit site restrictions noted above, and the size of the building or structure to be served.
3. The approval of said site for the system installation is immediate and indicates acceptable for system installation at the above site.
4. This approval is void after 5 years from the date of the soil testing. The soil testing was performed on the date which is the property of the Mecklenburg County Department of Environmental Health under the area indicated as acceptable for system installation. Re-evaluation for installation, construction alterations and repair of existing system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

MAP BOOK NO. PAGE NO.

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 12636. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run

2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit
