PLOT PLAN

This is to certify that a soil investigation and onsite evaluation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The soil investigation was conducted on that portion of the lot as indicated on the above plat **PROVISIONALLY SUITABLE**

The permeability rate determined by the investigation was The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A permit must be obtained prior to construction of the proposed system from the Mecklenburg County Department of Environmental Health for the particular system to be installed on the said lot.
2. The size of the septic tank and other treatment system and the area required for the absorption field shall be as required by the Mecklenburg County Department of Environmental Health at the time of the application for the permit, based on the above evaluation, and on the size and type of the proposed structure.
3. This approval is valid for only the system as shown on the above plat. Any deviation from the approved system installation on the above plat
4. This approval is granted based on the conditions existing on the date of this evaluation. In the event that Mecklenburg County Department of Environmental Health determines that conditions indicated as acceptable for system installation are unsuitable for installation or construction or alteration of the system, such a system

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
