PLOT PLAN

This is to certify that a soil investigation and on site investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted at the request of the lot as indicated on the above plat. **Provisionally**

The permissible rate determined by the investigation was **Suitable** The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface, soil absorption effluent discharge subject to the following terms and conditions:

1. A plot plan showing the proposed location of the system and the distance from the Mecklenburg County Department of Environmental Health must be submitted prior to the issuance of the wastewater treatment system permit for the said lot.
2. The size of the septic tank wastewater treatment system and the total length of trench will be determined by the Mecklenburg County Department of Environmental Health at the time of the application for the permit at the rate obtained above, and on the basis of the number of bedrooms there.
3. The approval of the proposed system is valid for the specific area indicated on and only for system installation on the above plat.
4. The approval is based on the results of borings or test trenches made by the undersigned and performed on the lot which is the subject of this report. Mecklenburg County Department of Environmental Health neither tests nor indicates as acceptable for system installation any unsuitable area that may exist on the lot at the time of the request for such system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.
