PLOT PLAN

This is to certify that a soil and lot investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The said investigation was conducted on that portion of the lot designated in the sketch as PROVISIONALLY SUITABLE

The permeability rate determined by the percolation test was [illegible]. The said lot is approved for the installation of an individual sewage treatment system with subsurface, soil absorption effluent disposal subject to the following items and conditions:

1. A permit must be obtained from the Mecklenburg County Department of Environmental Health prior to the installation of the wastewater treatment system on this site.
2. The size of the septic tank and the absorption area required by the Mecklenburg County Department of Environmental Health is based on the percolation test data obtained at this site and on the number of bedrooms in the proposed dwelling.
3. This approval is granted only for the specific system installation on the above plot plan.
4. This approval is granted only for the system which is the subject of this report. Any other system which is to be installed on this lot must be evaluated as acceptable for such system.

This approval is granted subject to the rules and regulations of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Department which were in effect at the date of issuance and is void if at any time in the future, prior to completion of the system these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

SERIAL № 11087

Permission is hereby given to ✓ Install or Construct, ____ Alter or Repair the individual septic tank wastewater treatment system with subsurface, soil absorption, effluent discharge as specified herein at the described location. This permit is granted based upon the information supplied in the application dated 2/12/87. All work shall be completed on or before 8/1/87, after which date this permit shall be null and void. The system shall meet all of the construction requirements of 10 NCAC 10A .1900 which are in effect on the date of the granting of this permit. A Certificate of Completion or an Operation Permit must be obtained from the Mecklenburg County Department of Environmental Health before any system can be covered up or placed into service. The issuance of this permit does not in any way guarantee that the system anticipated to be constructed will operate properly, or relieve any person now or hereafter owning, controlling or using such system from any liability resulting from the failure of the system to operate properly.
