SOIL INVESTIGATION REPORT

Date of Investigation May 6 1977 APT NO. 12309

Owner John R. Nash T.T. 047-062-06

Location of Property Neal Rd Lots 16

Soil Suitability Ratings

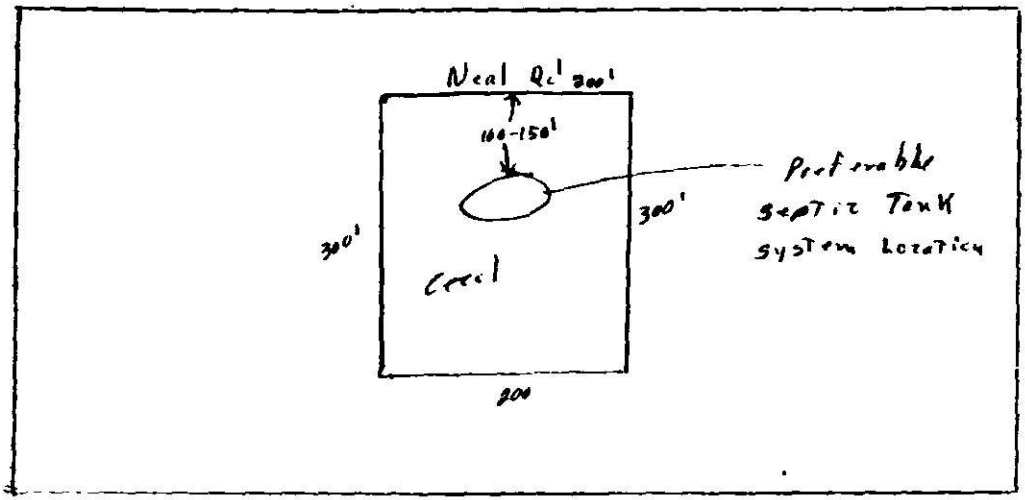

Soil Properties	Soil 1	Soil 2	Soil 3	Soil 4
1. Soil Series	Corral			
2. Soil Slope	Suitable 2-6%			
3. Soil Depth	Suitable >48"			
4. Soil Texture	Provisionally suitable Clay			
5. Soil Structure	Provisionally suitable Blocky			
6. Restrictive Horizons	-			
7. Soil Drainage	Suitable water table >8'			
8. Soil Permeability (Percolation Rate)	Provisionally suitable moderate 66 min/in			
9. Other				
10. Overall Rating	Provisionally suitable			

Recommendations As mentioned, based on the investigation, an adequate area of provisionally suitable soils was found on the lot for installation of a septic tank system. System design should be based on a percolation rate of 66 min/in.

SUBDIVISION LOT NO 98,99,100,101 BLOCK NO

PLOT PLAN

This is to certify that [illegible] Mecklenburg County Department of Environmental Health has conducted an investigation of the following described property and found the soil to be **Provisionally Suitable** with a percolation rate of **60 min/in.** The said lot is approved for the installation of an individual sewage treatment system with subsurface soil absorption effluent disposal, subject to the following terms and conditions:

1. All sewage treatment and disposal systems must be approved by the Mecklenburg County Department of Environmental Health prior to construction. Any deviation from the approved plans may result in the system not meeting the requirements of the rules governing the operation of sewage treatment systems.
2. The [illegible] shall be installed in accordance with the Mecklenburg County Regulations governing the operation of sewage treatment systems and in the area designated above and on the site plan submitted.
3. The approval is valid only for the system recommended in the immediate area indicated above and shall not apply to any other system installation on the above lot.
4. The approval granted by this letter is for the issuance of a permit for the installation of a sewage treatment system on the lot which is the subject of this letter. The Mecklenburg County Department of Environmental Health reserves the right to withdraw approval of the lot as acceptable for system installation until the time of actual installation of the system if [illegible] system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources, Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future, prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules and regulations been in effect on the issue date.
