Tank Construction REPAIR

Absorption and/or Nitrification Lines:

Total Line Length 100'

Number of Lines one

Distance from House >10'

Distance from Property Line >10'

Distance from Well >50'

NAME OF OWNER Gilliland, Edwin H.

LOCATION OF PROPERTY 2930 Westerwood Drive

The system shall meet all of the construction requirements as set forth in the Regulations of the Mecklenburg County Health Commission which are in effect on the date of the granting of this permit. A certificate of approval must be issued by the Environmental Health Director before any system can be covered up or otherwise rendered uninspectable or can be used. The issuance of this permit does not in any way guarantee that the system anticipated to be constructed will operate properly, or relieve any person now or hereafter owning, controlling or using such system from any liability resulting from the failure of the system to operate properly.

Comments: Overflow from the washing machine drainfield into a 3' wide x 15' long x 1' creek sand + 9' stone repair

call for partial before stone is added

Division or Section Head

Mike Sexton
Environmentalist

* If this permit is for the installation or construction of a new system, it must be signed by the division or a section head of the Department of Environmental Health in order to be valid. Only the signature of the Environmentalist is required where an existing system is being altered or repaired.
