SOIL INVESTIGATION REPORT

Date of Investigation June 15, 1977 APT NO. 12557

Owner Bob McLemore & Co. Inc.

Location of Property Apple Crook Dr. lot No. 12 Block A

Soil Suitability Ratings Tax Code No. P.O. 135-361-01

Soil Properties	Soil 1	Soil 2	Soil 3	Soil 4
1. Soil Series	Cocil-Helena			HELENA
2. Soil Slope	Intergradient suitable 2-6%			suitable 2-6.0°
3. Soil Depth	suitable >48"			suitable 48"
4. Soil Texture	provisionally suitable some 2:1 clays			unsuitable 2:1 Expanding clays
5. Soil Structure	provisionally suitable blocky			unsuitable massive
6. Restrictive Horizons	——			——
7. Soil Drainage	suitable water table >6'			unsuitable perched high water table
8. Soil Permeability (Percolation Rate)	provisionally suitable moderate to slow			unsuitable very slow >200 min/in.
9. Other	90 min/in. ——			——
10. Overall Rating	provisionally suitable			unsuitable

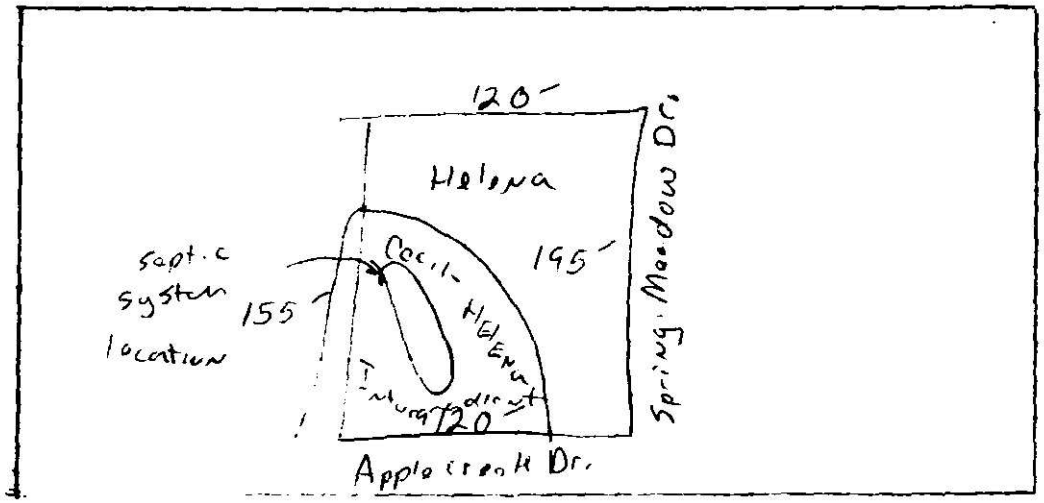

Recommendations Based on this investigation, the lot was found to have an adequate area of provisionally suitable soils for installation of a septic tank system. System design should be based on a percolation rate of 90 min/in. and should be placed in the area of intergradient soils.

PLOT PLAN

This is to certify that a soil investigation was made by the Mecklenburg County Department of Environmental Health on the lot described above. The soil investigation was conducted on that part of the lot indicated on the above plot **Provisionally Suitable**

The permeability rate determined by the investigation was **90 min/in.** The said lot is approved for the installation of an individual septic tank wastewater treatment system with subsurface soil absorption effluent discharge subject to the following terms and conditions:

1. Approval is not to be construed to accept the septic system and be obtained from the Mecklenburg County Department of Environmental Health prior to the installation and construction of the wastewater treatment system on the said lot.
2. The size of the septic tank wastewater treatment system which must be installed will be determined by the Mecklenburg County Department of Environmental Health prior to installation based on the permeability rate obtained above, and on the size and type of building to be constructed thereon.
3. This approval is given only for that system installed in the immediate area indicated as acceptable for system installation on the above plot.
4. This approval is given only for that grading plan and method of excluding the drilling of a well is performed on the lot which is the subject of this Mecklenburg County Department of Environmental Health number, the area indicated as acceptable for system installation unsuitable for installation, construction, alteration and repair of such a system.

This approval is granted based on the laws of the State of North Carolina and the rules and regulations of the North Carolina Department of Human Resources Division of Health Services and the Mecklenburg County Health Commission which were in effect on the date of issuance and is void if at any time in the future prior to completion of the system, these laws, rules and regulations are changed such that this approval would not have been granted had the new or revised laws, rules, and regulations been in effect on the issue date.

SUBDIVISION Farmwood LOT NO #12 BLOCK NO. "A"

MAP BOOK NO. PAGE NO

The above specified lot is approved by the Mecklenburg County Department of Environmental Health for the installation of an individual septic tank system with subsurface, soil absorption, effluent discharge based on the soil investigation, on an on-site inspection of the said lot; and upon the information supplied in the "Application for an Installation, Construction, Alteration, and/or Repair Permit", number 12557. This approval is subject to the following terms and conditions:

1. That the nitrification field be installed, constructed, altered and/or repaired in the same area where the soil investigation was run.
2. That an "Installation, Construction, Alteration, and/or Repair Permit" be issued and in full force and effect when the system is installed, constructed, altred, and/or repaired and that the system be installed in accordance with same

This approval may be revoked and the building inspection department requested to revoke any building permit(s) which have been issued to authorize construction on the said lot if at any time it is determined that any information contained in the "Application for an Installation, Construction, Alteration, and/or Repair Permit" is not correct or is untrue or that the septic-tank system is not being installed, constructed, altered and/or repaired in accordance with a valid Installation, Construction, Alteration, and/or Repair Permit.
