RE: Property located at 5109 Fowler Farm Road

Dear Sir:

At your request, a field investigation was conducted on the property designated above. The soils on the property were found to contain a limited area of provisionally suitable soil for the installation of a ground absorption sewage disposal system. A copy of the site evaluation report is enclosed for your information.

Should you desire to file for permission to install a ground absorption sewage disposal system, please submit plot plans for the proposed construction, well, and ground absorption sewage disposal system to this office. They will be reviewed and if it is found that there is an adequate area of provisionally suitable soil to accommodate the proposed installation, an Improvements Permit will be issued by this office.

If I may be of assistance, please feel free to call.

Sincerely,

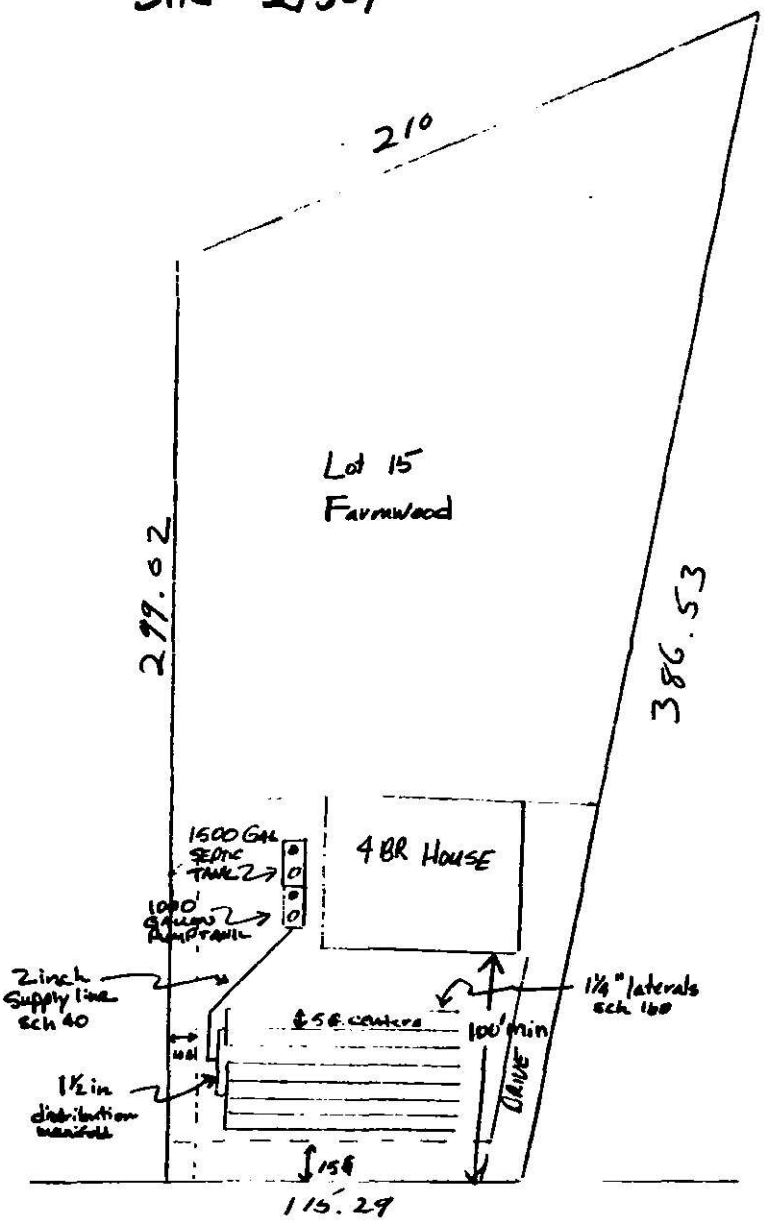

Bill D. Hardister, Jr.

Dear Mr. Sheperd:

Receipt of the alternate system plans of liquid waste disposal proposed for installation on the above referenced sites, is hereby acknowledged. Upon receipt of the plans, a review was made of the soil evaluation reports on file. Additional site evaluations were conducted, and the plans were then reviewed in conjunction with the provisions of 10 NCAC 10A ,1900, Laws And Rules For Sanitary Sewage Collection, Treatment, And Disposal. Our comments are listed below:

5109 Fowler Farm Road (SIR 21309)

The plan appears to meet criteria addressing LPP installations with the modifications indicated on the attached copies. Should these modifications meet your approval, please complete and return the enclosed agreement form and an Improvement Permit will be issued.

6047 Gold Wagon Road (SIR 21044)

The site does not meet specifications requiring an area equal in size to the original installation, to serve as a repair area.

5321 Fowler Farm Road (SIR 21339)

The system as presented would cross an area of complex slopes. This site is unsuitable for such an installation.

If there are any questions regarding this matter, please contact me at 376-4603.

Bill D. Hardister, Jr.
